Lynching Killed French Man Here 100 Years Ago

(Editor's Note: 100 years ago a man was hung in Grayling. Here is an account of the event with punctuation and spelling as it appeared in the Crawford County Avalanche on Nov. 8, 1888. Joe Murphy, of Grayling, came across the incident while researching local history in early Avalanche issues.)

A DAMNABLE OUTRAGE

Judge Lynch pronounces the penalty of death.

Last Monday afternoon, Mrs. J.S. Crego, of Beaver Creek, a lady sixty three years of age, and infirm was at home alone when a beast in human form entered the house and committed the most heinous crime conceivable leaving her in a critical condition from the injuries received. From there the brute went to Arthur Marvin's and stopped ostensibly to inquire the way to a lumber camp. Finding Mrs. Marvin alone, he assaulted her and repeated the damnable outrage, though she fought with desperation until she was beaten and choked to insensibility.

As soon as the alarm was given the citizens started on his track. Word was telegraphed from here and T.E. Hastings of Beaver Creek took his track and found the brute in the depot at Roscommon and secured him after a quick struggle.

He was brought here Tuesday morning and there being no cells in the jail he was securely shackled and guarded in the courthouse, where hundreds viewed him as they would a wild beast.

In the afternoon rumors of rescue and revenge were rife and the sheriff quietly removed him to a private residence where he remained on guard till about one o'clock in the morn-

ing when the house was quickly and quietly surrounded by a large body of masked and disguised men who entered from different ways and overpowered the sheriff before an alarm could be given and dragged down the shackled victim from the upper room, taking him to a little grove in the north part of the village where a scaffold had been provided by placing a scantling across the limbs of two trees. Here he was strung up, without mercy, if with justice to pay the penalty of his crime. He had confessed his guilt and had been fully identified by Mrs. Marvin so there is no possibility of mistake in the man.

While little, if any sympathy is expressed for him, yet all must regret that the majesty of the law should be trampled on in our midst, and that another crime should be added to those already committed.

As soon as the sheriff was released a searching party was organized and the body found as above described with life extinct.

It was placed in the hands of Coroner Woodworth who gave it sepulture.

The criminal's name was Archibald Pelom, a French man whose reputation was thoroughly bad.

The disguise of the party was so perfect and their work so quickly performed that no one was recognized and it is probably that none of them will be discovered.

8 Presidential Candidates Head Lengthy Ballot

Presidential candidates, eight in all, and two congressional races will begin a rather lengthy November 8th ballot. Besides the national races the ballot contains one state representative race, and many contests for everything from State Board of Education to Justices of the Supreme Court.

County contests involve races for two seats on the Crawford County Board of Commissioners, Sheriff, County Road Commission, and Judge of Probate Court. There are also various races for township offices.

Crawford County voters will have eight choices on the ballot for president and vice-president. Michael S. Dukakis and Lloyd M. Bentsen are on the Democrat ticket and George Bush and Dan Quayle are on the Republican ticket. Other candidates include: Ron Paul and Andre V. Marrou, Libertarian; Ed Winn and Barry Porster, Workers League; with Lenora B. Fulani and Mamie Moore, Larry Holmes and Naomi Cohen, Eugene J. McCarthy and Florence M. Rice, and James Warren and Kathleen Mickells running under no party affiliation.

In the race for United States Senator there are five candidates. Donald W. Riegle, Jr. is on the Democrat ticket and Jim Dunn is on the Republican ticket. Other candidates include Dick M. Jacobs, Libertarian; Sally Bier, Workers Against Concessions; and Mark L. Friedman, no party affiliation.

Voters in Beaver Creek, Grayling and South Branch townships and the City of Grayling will choose between Democrat Mathias G. Forbes, Republican Bill Schuette and Libertarian Gary R. Bradley for 10th District U.S. Congressional seat.

Voters in Frederic, Lovells and Maple Forest townships will choose between Democrat Mitch Irwin, Republican Bob Davis and Libertarian Denise Kline for U.S. Congressman in the 11th District.

All Crawford County residents will select a State representative from either the Democratic candidate Ellen Addington or

Republican candidate Ralph Ostling for the 103rd District.

There are 29 candidates running for eight seats on the State Board of Education, Board of Regents of the University of Michigan, Board of Trustees of Michigan State University and the Board of Governors of

Wayne State University. Crawford County voters will have an opportunity to vote for two candidates for each board.

Candidates for the State Board of Education are Democrats Lawrence D. Crawford and Stephen T. Economy, Republicans Barbara Dumouchelle and Marilyn F. Lundy,

Tisch Independent Citizens Fayanne G. Kaufman and Robert E. Tisch, Libertarians James W. Clifton and Virginia L. Cropsey, and Workers Against Concessions Verna A. Baird and Annette Johnson.

4 County, Township Issues Await Voters

Two County millage proposals and two Township proposals are being placed before voters on the November 8th General Election Ballot.

The two County proposals include a .20 mill request by the Crawford County Commission on Aging and a .25 mill request by Hanson Hills. The Township proposals include a one mill request by Frederic Township and a request by Grayling Township for authorization to borrow money to purchase a Township Hall.

The local millage proposals are located on the last page of the ballot. Residents interested in casting their vote either for or against these issues will have to wade through a lengthy ballot that includes candidate races for national, state and local races, and state and local proposals.

The first County proposal appears on the ballot as follows:

COUNTY PROPOSAL I. COMMISSION ON AGING

"Shall the County of Crawford levy 1/5 mill (.20 mill) ad valorem tax for a period of four years (1989, 1990, 1991, and 1992) upon all real and tangible personal property within the county of Crawford for the purpose of continuing the operation of Crawford County Senior Citizen Programs through the Commission on Aging?"

This proposal is a request for additional millage to operate the Crawford County Senior Citizen Program. A similar proposal (same millage request, different working) appeared on the August 2nd Primary Ballot, and was defeated, 1098 no to 695 yes. On the Primary Ballot the Commission on Aging proposal asked for the additional .20 mill "for the purpose of renting, operating and maintaining a facility to house the Commission on Aging within Crawford County."

In 1984 the Commission on Aging millage request was reduced from 1/2 mill to 1/4 mill because surplus funds were available and voters were told that until these funds were depleted only 1/4 mill was needed to maintain the programs provided by the COA. Voters were also told that when the surplus was gone or if costs increased, the commission would come back to the voters for a request to reinstate the 1/4 mill. According to Sherry Haag, Director, that time has come.

If the millage is not passed, said Haag, cuts and reductions of services will be necessary.

The second County proposal appears on the ballot as follows:

COUNTY PROPOSAL II. HANSON HILLS

"Shall 1/4 mill (.25 mill) ad valorem tax imposed upon all real and tangible personal property with Crawford County for the pur-

pose of operating Hanson Hills be renewed for an additional two-year period (1989 and 1990)?"

The Hanson Hills millage request is a renewal of funding that has been approved by County voters since November of 1984. The millage is needed to maintain the Hanson Hills recreational facility and to continue recreational activities.

In July, the Grayling Recreation Authority (GRA) and the Michigan Department of Military Affairs signed a lease renewal for the land where Hanson Hills is located until the year 1996.

The 1/4 mill equates to approximately \$5.00 per family per year and provides less than half of the Hanson Hills budget, said Pauline Petrosky, GRA chairperson. The balance of the funding is provided through self-supporting programs, fund raising and donations.

"Public use of the Hanson Hills facility has increased at the rate of 25% to 40% yearly since 1983," stated Petrosky, "as usage of the park changed from a seasonal to a year-round facility."

Petrosky said that today the park is used for 4-H activities, open basketball, tennis, children's fishing, baseball leagues, church groups, picnics and family reunions. Ski memberships for families and individuals are minimal for County residents.

Service organizations and businesses support Hanson Hills by funding free skiing and clinics for County children.

"Most counties in the State have a funded recreational program," said Petrosky. "Their budgets have money allocated for parks and recreation from their County budgets. In contrast Crawford County residents must go to the polls and vote to support a recreational facility."

GRAYLING TOWNSHIP PROPOSAL

"Shall the Grayling Township Board be authorized to borrow a sum of money not to exceed \$100,000.00 to purchase a Township Hall? NO INCREASE in millage is requested."

The above proposal is the result of a Building Feasibility Group which was appointed by the Township Board in October 1987 and held its first meeting February 10, 1988. Membership of this group included Anthony Dobry, Kenneth Eggert, Barbara Febey, Dennis Meyers, Jack Pilon and Arnold Stancil. Following this committee's deliberations a second citizen's committee, chaired by Joe LaGrow, researched the advantages and the disadvantages of the Township purchasing or building their own Township Hall.

4 State Proposals On Nov. 8th Ballot

The November 8th General Election Ballot will place four State proposals before Michigan voters. These propositions, if passed, will restrict the use of tax funds for abortions for persons receiving public assistance, include crime victims' rights in the Constitution, authorize the State to issue bonds for environmental protection programs and authorize the State to issue bonds for State and local recreation projects.

PROPOSAL A

(as it will appear on the ballot)

"Restrict use of tax funds for abortions for persons receiving public assistance. Public Act 59 of 1987 is a law that states

that tax funds shall not be used to pay for an abortion for a person receiving public assistance unless necessary to save the life of the mother.

Should the law be approved? Yes or No?" Proposal A is a referendum on Public Act 59 of 1987, and would restrict the use to tax funds for abortions for persons receiving public assistance.

Public Act 59 of 1987 more commonly known as the Social Welfare Act protects the welfare of the people of the State of Michigan. One segment of the act provides for the general relief, hospitalization and medical care to the "Poor and unfortunate" people of Michigan, without restriction.

are Democrats F. Thomas Lewand and Nellie M. Varner, Republicans Deane Baker and Clifford W. Taylor, and Libertarians James Lewis Hudler and John A. Salvette.

Candidates for MSU Board of Trustees are Democrats Barbara Rom and Robert E. Weiss, Republicans Edward Liebler and Tom Reed, Tisch Independent Citizens Joseph Stanley Kozlowski, and Libertarian Dianne Szabla.

Candidates for WSU Board of Governors are Democrats Murray Jackson and Vicki L. Kremun, Republicans Hattie Massey and Richard C. VanDusen, Tisch Independent Citizens James S. Kaufman, and Libertarians Jack L. Freeman and Randy Szabla.

Candidates for Justices of the Supreme Court are Marvin R. Stempien, Donald F. Warmbier, James H. Brickley (Justice of Supreme Court), Richard C. Johnston, Jerry J. Kaufman and Charles L. Levin (Justice of Supreme Court).

Candidates for Judge of the Court of Appeals from the 3rd District (regular term ending 1-1-95) are Gary R. McDonald and William B. Murphy.

Candidates for Judge of the Court of Appeals for the 3rd District (new eight and six year term) are Thomas F. Koernke, Janet T. Neff, Richard Griffin and Judy H. Hughes.

There are two races for Crawford County Commissioner seats on the November 8th ballots.

In District 3, Republican incumbent Earl L. Haight faces Democrat Robert E. Nelson. In District 4, Larry Mattis' retirement from the board has created a race between Democrat Howard K. Guyett and Republican Joseph Callewaert. Candidates Jeannette J. Kitchen (District 1), Mary Elaine Harland (District 2), William E. Ruddy (District 5), William C. Coy (District 6), and Bob McLachlan (District 7) are all running unopposed for their district's seat.

On the County ballot the following persons are running unopposed: John B. Huss for Prosecuting Attorney, Elizabeth H. Wieland for County Clerk/Register of Deeds, and Joseph V. Wakeley for County Treasurer.

Contested County offices include the office of Sheriff with Democrat Joseph P. White running against the incumbent Republican Harold A. Hatfield and one seat on the County Road Commission with Democrat Clyde

Anthony running against Republican Arthur R. Thayer.

Crawford County residents will also be choosing between the non-partisan candidates John G. Hunter and Grace Dopp Wegner for Judge of the Probate Court.

Township races and candidates are as follows:

GRAYLING TOWNSHIP

In Grayling Township three of the five offices involve candidate races.

Democrat Joseph P. Elekonich and incumbent Republican Arnold T. Stancil are both vying for the position of township supervisor. Democrat Betsy R. Mitchell is running against incumbent Republican Monica S. Ashton for township clerk. Democrat Anthony Dobry and Republicans Michael J. McNamara and John E. Medler are all three asking to be considered for the two trustee positions, and Democrat John M. Wilcox, Jr. and Republican Jack D. Best are running for the office of constable. Ruth M. O'Mara is unopposed for township treasurer.

BEAVER CREEK TOWNSHIP

Voters in Beaver Creek Township will have to decide two races.

Democrats John M. Hartman and incumbent Cletis Spears (write-in sticker candidate) are both running for township supervisor. Democrat Florence Nelson and Republican Irene C. Schultes are both asking for the job of township clerk. Terry McGregor, Democrat, is unopposed for township treasurer, and Democrat Richard W. Johnson and Republican Kathleen Mobarak are the only candidates for the two trustee positions.

FREDERIC TOWNSHIP

There are no contested races in Frederic Township.

Township offices will be as follows: Township supervisor, Harold Mertes (D); clerk, Mildred O. Harmer (D); treasurer, Viola Middleton (R); trustee (two positions), Betty L. Sajdak (D) and Alan D. Leng (R); and constable, Charles E. Stoddard (D).

SOUTH BRANCH TOWNSHIP

Candidates for South Branch Township offices are all unopposed and are as follows:

Township supervisor, Arlen G. Huffman; clerk, Mary M. Mollon; treasurer, Deanna Weiler; trustees (two positions) Muriel G. Michael and Paul Musselman; constable,

Maurice Michael.

All of the candidates are Republicans.

MAPLE FOREST TOWNSHIP

Candidates for the Maple Forest Township offices are all unopposed and are all Democrats. Candidates and their offices are as follows:

Township supervisor, Edward D. Tobin; clerk, Susan M. Keene; treasurer, Shirley E. Deron; Trustee (two positions) Mary Coy; constable, Robert Keene.

LOVELLS TOWNSHIP

Lovells voters will settle three races for

township offices.

Democrat Fred Schaibly and Republican Hazel L. Koernke are both seeking election to the township supervisor position. Write-in candidate Dorothy J. DeVos is attempting to unseat incumbent Dolores M. Haberland for the office of township treasurer. Both candidates are Republicans. Democrat James D. McCredie and Republicans Warren H. Fuchs and Thomas G. Miller are running for the two trustee seats. Republican Cheryl L. Hopp is unopposed for township clerk.

A complete look at local millage proposals is included in a separate article.

4 County, Township Issues Await Voters

(Continued from page 1)

Bear Archery Building, consists of 1,817 square feet, which the Township rents for \$12,000 per year.

According to Arnold Stancil, Grayling Township Supervisor, the committees have found this inadequate, due to the inappropriate floor plan, insufficient space and the lack of a means to prevent access to various Township offices. The Township offices are closed on weekends, but the building is open. Further, there is presently no fireproof storage for the historical and administrative records in the Bear Archery complex.

LaGrow's committee agreed that not only was the present office facility inadequate and unsecured, but that Grayling Township is the only Township in Crawford County which does not own their Township Hall.

"Ownership creates an equity for the Township," said LaGrow, "whereas rent is lost forever." LaGrow continued by saying that the Township should consider either new construction or the purchase of an existing building depending on which would be the most economical. Obviously, either building or buying another facility might be more expensive than renting, but the Township would establish much needed equity in the property.

"The new Township Hall would eliminate the constant drain on our general fund for rental expense with nothing to show for it," said Stancil. "We have been renting our current facilities for five years at a cost of \$57,187.00, and we have no equity whatsoever."

Stancil stressed that the Township Board has worked diligently for a proposal that would not involve a millage increase for Grayling Township residents.

During the August 2nd Primary Election a similar proposition failed by 10 votes with a light voter turnout.

FREDERIC TOWNSHIP PROPOSAL

"Shall the total tax rate limitation of the total amount of taxes which may be assessed against all property in Frederic Township, County of Crawford, Michigan, for all purposes, except taxes levied for the payment of principal and interest on obligations incurred prior to December 9, 1932 be increased, as provided by Section 6, Article IX of the state constitution of 1963, by one (1) mill (\$1.00 per thousand dollars of State equalized valuation) for a period of four (4) years from 1989 through 1992 both inclusive on all taxable property in said Township for the purpose of providing funds for the housing, maintenance, purchase of equipment and operation of the Frederic Township Fire Department?"

The wording required by State law for State and local proposals is often confusing, said Harold Mertes, Frederic Township Supervisor, and the Frederic Township proposal is an excellent example of how complicated a simple matter can become. To assist voters understand what the Township is asking Mertes gave the following explanation:

The Frederic Township proposal is asking Township residents to approve a reduced millage request to support the operational and maintenance expenses of the Frederic Township Fire Department.

Since the Frederic Township Fire Department's inception Township taxpayers have been supporting the department with two mills. Over the years Frederic Township has built a new fire hall and purchased the necessary fire engines and equipment needed to operate the fire department.

Mertes explained that the Township has determined that the Frederic Township Fire Department no longer requires the full two mills, that one mill is sufficient to operate and maintain the department for the next four years.

Conway Ruled Competent To Face Murder Charge

Based on a report by the Center for Forensic Psychiatry in Ypsilanti, Judge Francis Walsh ruled on Friday, October 28, that defendant, Richard Scott Conway, 31, is competent to stand trial for open murder in connection with the death of his 11-week-old daughter, Kati Jo Conway.

Conway has been undergoing psychiatric evaluation since his arraignment on September 29th. He is awaiting a date for preliminary examination.

Conway is free on \$75,000 bond.

Both Drivers Injured In City Accident Oct. 24

A two car accident on the corner of Michigan Avenue and Maple Street sent the drivers of both vehicles to Mercy Hospital for treatment.

The accident occurred at approximately 7:30 a.m. on Monday, October 24, when the car driven by Malinda Harrah, 22, of Luzerne allegedly pulled out in front of another vehicle driven by Benjamin Apps, 73, of Roscommon. The Harrah car was struck broadside.

Harrah and Apps were taken by Crawford County Ambulance to Mercy Hospital where they were treated for minor injuries and released.

Harrah was cited for failure to yield. Grayling City Police officers were assisted by the Crawford County Sheriff Department.

Commissioners Urge Citizens To Join Exit Survey

Dear Jon,
An article on the front page of the Avalanche last week described a survey to be taken near the polling places in the county on November 8. That survey

will be an effort to determine how the average citizen feels about the National Guard and its operation here in Crawford County.

It has been instigated by the Camp Grayling Manage-

ment Advisory Committee which was appointed by Governor James Blanchard. The survey is being conducted so that all persons will have a chance to air their views whether they be favorable, unfavorable or strike a middle ground in the activities of the guard here. The committee felt that

there was very little response at the public hearings from a large portion of the population.

We urge citizens to seek out the high school Government Club students who have volunteered to take the survey. It will not be necessary to be identified by name in order to express an

opinion.

On the local level it is an opportunity to allow each individual's voice to be heard on an issue which is of vital importance to this community.

Sincerely,
Larry Mattis
Crawford County
Board of Commissioners

Sick of Campaign Tactics

To the Editor:

For fifty years I have seldom missed voting in any election and have been proud of that privilege.

Never before have I been so ashamed and dismayed as now over the tactics of the Bush committees' flyers and untrue media propaganda I have been bombarded with lately. They have no idea

how tiresome and unfavorable, tasteless, and really valueless are the tactics employed to try to discredit Gov. Dukakis. Maybe those powers that be should know that my mind is now made up: I shall for the first time in my life vote the straight Democratic ticket.

Mr. Bush, it's your fault!

Proposal B Enhances Crime Victims Rights

Dear Mr. Thompson:

I would like to urge Crawford County voters to consider a YES vote on proposal B, The Crime Victim Rights Constitution Amendment.

The Crawford County Prosecuting Attorney's Office in cooperation with the Prosecuting Attorney's Association of Michigan and The Michigan Department of Justice established the position of a state funded Victim-Witness Coordinator in 1988 and has since that time developed a comprehensive program intended to guarantee the victims of crime the right to be reasonably protected from the accused through the criminal justice process, to have notification of court procedures, to submit a written statement and/or make an oral statement to the Court at the time of sentencing, to restitution to and information about the conviction, sentencing, imprisonment and release of the accused.

While the Crime Victims Rights Act is comprehensive, a Constitutional

Amendment is needed for the reason that the existing rights are legislatively mandated and could be diminished by future legislatures or the Courts. The present law has been effective, however, it is time to balance the constitutional rights given the defendant with some measure of equal rights for victims and provide for the funding of the program by the convicted criminal defendant rather than the taxpayer.

I would like to urge each and every Crawford County voter to carefully consider the provisions of Proposal B and suggest that a YES vote would provide permanency to existing laws thereby enhancing the rights and dignity of the criminal victim.

John B. Huss,
Prosecuting Attorney
Crawford County

Illegal Killing of 8-Point Buck is Disgusting Act

My story begins on Oct. 20th around 5:30 p.m. I was sitting in my bow hunting blind, when four deer passed by me at about 30 yards, one of them was a buck which I figured to be an 8-point. That night passed and the next morning I returned to the same blind just before daylight. At about 9:00 a.m. I left my blind to return home. I was driving in my vehicle around 300 yards from my blind when I spotted a buck lying alongside of the road. I stopped and walked to the buck which was a beautiful 8 pt. with a nice symmetrical rack, which I figured could have been the same deer I seen the night before.

A pack of coyotes found it during the night and had the hind legs nearly eaten off. My first thought was to check for wounds which may have killed the deer. I did not find any. I left the deer there and returned home and called the local D.N.R. After some deliberation they

called me back and asked me to bring the deer into the office, which I did.

Upon an examination by a D.N.R. officer he found a small hole just below the ear that appeared to come from a small cal. rifle such as a 22.

I speculated that the sleazeball that shot this buck thought he had missed, because I had found tracks behind the buck that indicated he had been running before he fell.

I know finding this buck sure ruined my day. Knowing I would not get a chance at this trophy buck, not to mention all the other bow and rifle hunter's that may have had a chance at it.

It also would have provided many a fine meal, instead of feeding a bunch of mangy coyotes. I hope the person who pulled the trigger reads this and realizes how repulsive and disgusting this act was.

Governor Launches Michigan Air Service Council

In an effort to boost the quality and reliability of air service in Michigan, Governor James J. Blanchard announced the formation of the Michigan Air Service Council.

The action results from a recommendation by the Governor's Air Service Task Force, which was established in 1986 to find ways to achieve reliable, quality air service throughout the state.

As a result of the task force's involvement, airlines such as Continental Airlines, Southwest Airlines, Great Lakes Aviation, Midway Airlines and Iowa Airways have improved services to various locations in Michigan.

Earlier this year, the task force received a \$3.2 million appropriation from the Legislature to prepare a program for air service marketing.

The purpose of the 3-year program is: market opportunities in Michigan to air carriers; stimulate expanded and new service; promote awareness of air service; and improve air carrier performance levels and fares.

The new 12-member council, created by an Executive Order, will conduct research, make proposals to the governor on new initiatives and assist in implementing the recommendations of the Air Service Task Force.

STUDY SUGGESTS COMPANIES CAN CONTROL COMPENSATION COSTS

A study of workers' compensation claims in Michigan has shown that companies have more control over their workers' compensation claims than previously thought and that some employers may have gained a competitive advantage by controlling costs.

Edward M. Welch, director of the Department of Labor's Bureau of Workers' Disability Compensation, said the study showed that employers with the lowest frequency of claims had the most aggressive safety and accident prevention programs, actively supported policies for the management of employee disabilities, and used an "open" management process.

As a result of the study, the department is

expected to announce an expanded education and outreach program to assist high-frequency employers in cutting claims through improved work site safety, labor-management relations, and disability management programs.

Welch said there are approximately 90,000 workers' compensation claims filed each year in Michigan, and of those, only about 25 percent are contested.

Since 1981, the number of contested claims has been reduced by more than one half, dropping from more than 44,000 in 1981 to 21,000 in 1987.

The \$100,000 study was conducted by the W.E. Upjohn Institute for Employment Research in Kalamazoo. It examined 1986 workers' compensation claims for more than 5,500 Michigan firms in 29 industries.

FOURTH-FRIDAY COUNT SHOWS CONTINUED STUDENT POPULATION DECLINE

The Department of Education reported the traditional "fourth Friday" student enrollment count showed a preliminary, non-audited enrollment of 1,659,333 students in the state's 524 public K-12 and 57 intermediate school districts.

The number showed a continued decline of enrollment since it peaked at 2,212,523 students in the fall of 1971.

State Superintendent of Public Instruction Donald Bemis said the estimated "headcount" of students in September is 14,284 students fewer than last year.

He noted that indications show that there is a slight increase in elementary grades' enrollment, although grade-by-grade figures will not be available until January.

Bemis said total K-6 enrollment should show an increase over 1986 figures by next year or by 1990. He added the decrease in enrollment in the middle school/junior high and high school grades appears to be continuing this year.

The secondary school enrollment decline exceeds any slight increase in the elementary school levels, thus producing an overall K-12 student enrollment loss.

Democracy is no easy task

NOBODY EVER SAID running a republic is an easy job. And the way the Michigan ballot is constructed for the coming Nov. 8 election proves the point.

For example, here in Michigan our public policy is to keep our court systems and our largest public universities as close to the public as possible by requiring that leadership be elected in statewide elections.

But is that what really happens? Are our courts and our schools really better off and more representative of the wishes of the people simply because their leaders are elected?

Those are good questions which deserve some attention.

ON NOV. 8, MICHIGAN voters will make their choice between Republican George Bush and Democrat Michael Dukakis for President. Good enough. Voters at least know who they are, even if at times voters may have a tough time learning where they stand on public issues.

But ponder these names:

Murray Jackson, Vicki L. Krenn, Hattie Massey, Richard C. VanDusen, James S. Kaufman, Jack L. Freeman, Randy Szabla.

Or how about these:

Tom Reed, Edward Liebler, Barbara Rom, Robert E. Weiss, Joseph Stanley Kozlowski, Dianne Szabla.

Try these on your awareness scale:

John A. Salvette, James Lewis Hudler, Clifford W. Taylor, Deane Baker, Nellie M. Varner, F. Thomas Lewand.

HERE AND THERE among those names, some voters may find a name or two they recognize. Some voters might even know without prompting what jobs those folks are seeking.

But it takes a genuinely informed voter to realize that six of those persons will wind up on the governing boards of Michigan's three largest universities — Wayne State, Michigan State and University of Michigan — helping make decisions that involve millions of dollars and millions of lives and years of the future for all of us.

And it would take a political and education genius to know what these candidates stand for, and how they view education and financial policies.

THE UNIVERSITY governing boards are filled by partisan election, so the head of the ticket has a great bearing on how the university candidates will draw. The sad fact is

that George Bush and Michael Dukakis have a greater effect on the future of our universities than the records or the positions of the candidates.

The same is true of our state board of education, where such luminaries as Barbara Dumouchelle, Marilyn F. Lundy, Stephen T. Economy, Lawrence D. Crawford, Fayanne G. Kaufman, Robert E. Tisch, James W. Clifton, Virginia L. Cropsey, Verna A. Baird and Annette Johnson will appear as candidates.

Do such elections bring an accurate reflection of public will? Is this the way the state's educational and university systems should be run? Are the schools closer to popular control because of this elective process?

Maybe the more important question is: Does anybody care?

AT LEAST THE educational candidates run under party labels, so Republican voters can easily vote for fellow Republicans, and Democratic voters can easily vote for fellow Democrats.

But in judicial elections, no such luxury is available to voters. The only identity permitted on the ballot for state judicial candidates is the incumbency designation, which is the main reason most incumbents are re-elected and why service on the state court of appeals and the state supreme court generally is a lifetime job.

Voters will know, for example, that James H. Brickley and Charles L. Levin already serve on the state supreme court, and want to return.

They will have no idea, however, whether the other candidates listed on the ballot — Donald F. Warmbier, Richard C. Johnson, Jerry J. Kaufman and Marvin R. Stempier — were nominated by Republicans or Democrats or the Workers' League Party or any party at all, or are purely self-starters.

For the state court of appeals, the incumbents are all safe — they have no opposition. In fact, since the court was created, hardly an incumbent has ever been challenged.

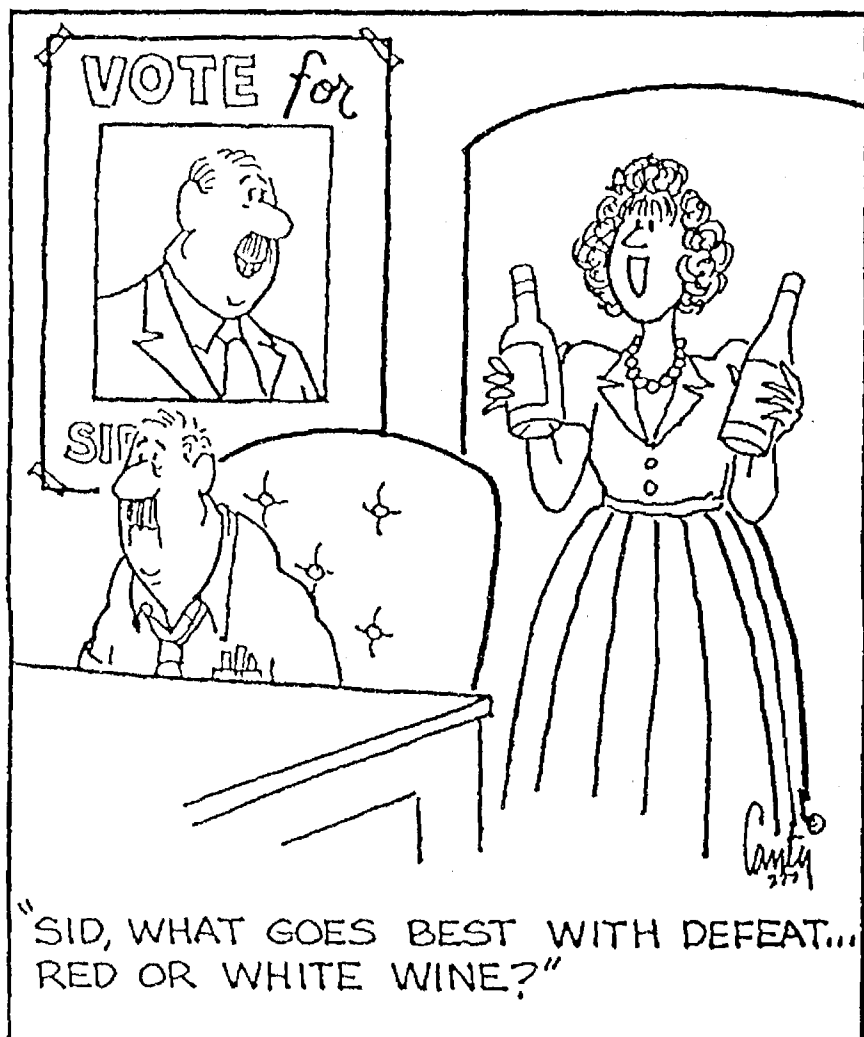

But for the six new seats being filled, the name of the game is name identity. That's why you'll find so many new faces bearing familiar names on the ballot.

Populists may claim that election is the best way to fill the judges' bench.

But the way it works out in practice, you've got to wonder.

ALL ABOUT TOWN

Northern Views

Prepare yourself voter. A lengthy ballot faces you next Tuesday.

The 8 Presidential candidates listed right at the beginning of the ballot should give you some idea of what to expect. And you thought there was only Bush or Dukakis to choose from. Besides the Democrat and the Republican, there is the Libertarian Ron Paul, the Workers' League candidate Ed Winn, and four candidates with no party affiliation, Lenora Fulani, Larry Holmes, James Warren, and Eugene McCarthy (can you believe he's running again?).

After you turn through pages of state, county, and township races, don't leave the polls. There are a couple of state proposals that haven't created much attention but are deserving of a yes vote. Proposals C and D — the environmental protection and recreation ballot proposals — can go a long way toward improving our state.

Proposal C will authorize \$660 million in bonds for environmental capital improvement and cleanup projects. About \$425 million of this total will go toward cleaning up environmental contamination, \$150 million will be for solid waste cleanup, \$60 million will be for wastewater treatment, and \$25 million will be the state's contribution to a fund to protect the Great Lakes.

Proposal D will authorize \$140 million for state and local parks and recreation projects. State parks would receive \$70 million and local recreation facilities would receive \$70 million. The state park portion would first be used to make sure sewage and water systems meet current health standards. The bond money would also be used to renovate existing park roads, electrical systems, buildings, and beaches. Any money left over would be used to expand parks or create new ones.

On the local level, bond money would be distributed among three regions in the state. Local places seeking the bond money would have to supply matching funds.

A yes vote on these two proposals does not mean your tax bill will increase. The bonds can be repaid as other state debts expire. The bonds can be paid by the state without increasing the state budget.

EMMA BROWN, of Grayling, found this article about "Changing Times" at Munson Medical Center in Traverse City and brought it back to the Avalanche.

Changing Times

One day as I got to the stairs, you know, I couldn't remember if I had just come down or was I going up! By the time I figured out which way I was heading, I had forgotten what I was after.

But little things like that don't bother me. What bothers me is everything is farther away than it used to be. It is twice as far to the corner grocery store, and they've added a hill, I've noticed.

I've given up running for the bus anymore because it leaves much earlier and faster than it used to. Seems to me they're making steps steeper than in the old days. And have you noticed the smaller print they use in the newspapers nowadays?

There's no sense in asking anyone to read aloud anymore. Everyone speaks in such a low voice I can hardly hear them.

The material in slacks and dresses is getting so skimpy now, especially around the waist and hips.

Even people are changing. They are so much younger than they used to be when I was that age. On the other hand, people my own age are so much older than I am. I ran into an old friend the other day and she had aged so much she didn't even recognize me.

I got to thinking about the poor thing while I was combing my hair this morning and as I glanced at my reflection in the mirror — you know what? They don't even make good mirrors like they used to.

JOE WHITE

FOR CRAWFORD COUNTY SHERIFF

Joe White Has Been Endorsed By The Following:

I have been served by six Sheriff's of this county and I unhesitatingly express my support for the election of Joe White of whose former administration I wholeheartedly approve.

Harrison Goodhue

Even though Joe White is not of the same political philosophy that I am, that never interfered with our cooperation when working for a mutual interest. I find Joe very cooperative when working in the betterment of law enforcement.

Garth A. Meyer, Sheriff
Roscommon County

To those of you that know me or know of me, I am sure you will agree that my foremost interest as a police officer is the security of persons young or old and their property. I believe in police protection that is fair, honest and professional. Please help me in providing the best police protection possible by joining in my support to Elect Joe White Sheriff on November 8th.

Dennis J. Long

During his tenure as Sheriff of Crawford County Joe White remained ready to cooperate with other law enforcement agencies despite political or jurisdictional differences. Joe White's concern for professionalism and equality of those under his administration demands and has gained him high respect.

Peter W. Stephan

As a former Deputy Sheriff with seventeen years of experience with the Crawford County Sheriff's Department, I have known Joe White as a friend and employer. Joe White has the ability as an administrator and the background in law enforcement to perform the duties of Sheriff and I encourage all voters in the county to VOTE for Joe White in the November election. A vote for Joe is a vote for Progress and Professionalism.

KCC Performing Artist Series Hosts 'The Chadamin Trio'

Kirtland Community College's Weyerhaeuser Performing Artist Series will present The Chadamin Trio on Sunday, November 6, 1988, at 3 p.m. in the Gilbert I. Stewart Auditorium.

The Chadamin Trio has been hailed as an ensemble of virtuoso musicians known for its beautiful blend of sound, refined musicality, and distinctive interpretations of works spanning three centuries of the cham-

ber music repertoire. Since its debut in 1980, the Trio has reached a level of consummate artistry.

Trained in Australia and Europe, award winning pianist Laurence Davis is an associate professor at Northwestern University and former assistant conductor with the Lyric Opera of Chicago who has toured North and South America with leading vocalist and instrumentalists.

A violinist with the Chicago Symphony Orchestra since 1956, a Northwestern University professor, and renowned recitalist, Edgar Muenzer performs with the Melrose Duo, the Chicago Symphony String Quartet, and the Chicago Symphony Chamber Players. Leonard Chausow also joined the Chicago Symphony Orchestra in 1956 and became assistant principal cellist in 1964, appearing as frequent soloist for Chicago Symphony Youth Concerts and numerous local orchestras, as well as performing with the Evanston Chamber Ensemble and Chicago Piano Quartet.

Tickets for the Sunday afternoon performance of The Chadamin Trio are \$7.50, \$6, and \$5 for regular admission; and \$6, \$4.50, and \$4 for students and senior citizens fifty five and older. Tickets can be reserved by calling Kirtland at 275-5121 or 800-433-2517 Ext: 288. Remaining tickets will be on sale at the Auditorium Box Office one hour before curtain.

The Weyerhaeuser Performing Artist Series receives major funding from the Weyerhaeuser Company Foundation and is also funded in part by the Kirtland Foundation.

4 State Proposals

(Continued from page 1)

Proposal A, if adopted, would add the following, Section 109a., to the welfare act:

"Notwithstanding any other provisions of this act, an abortion shall not be a service provided with public funds to a recipient of welfare benefits, whether through a program of medical assistance, general assistance, or categorical assistance or through any other type of public aid or assistance program, unless the abortion is necessary to save the life of the mother. It is a policy of this state to prohibit the appropriation of public funds for the purpose of providing an abortion to a person who receives welfare benefits unless the abortion is necessary to save the life of the mother."

This proposal should be read carefully to ensure that each voter casts his voter correctly.

PROPOSAL B

"Proposal to include crime victims' rights in the constitution.

The proposal would amend the constitution to provide:

1) That crime victims shall have certain rights throughout the criminal justice process.

2) That crime victims' right, as provided by law, shall be the right to be treated with fairness and respect for their dignity and privacy; be reasonably protected from the accused; be notified of court proceedings and attend trials; confer with prosecution and make a statement to court at sentencing; restitution; timely disposition of the case; and information about conviction, sentence, imprisonment and release of accused.

3) That legislature may enact laws to enforce crime victims' rights and provide for assessments against convicted defendants to pay for crime victims' rights.

Should the proposed amendment be adopted? Yes or No?"

Passage of Proposal B would add to Article 1 of the state Constitution a Section 24 which would outline victims' rights under the law.

Section 24 would read as follows:

1) Crime victims, as defined by law, shall have the following rights as provided by law:

The right to be treated with fairness and respect for their dignity and privacy throughout the criminal justice process.

The right to timely disposition of the case following arrest of the accused.

The right to be reasonably protected from the accused throughout the criminal justice process.

The right to notification of court proceedings.

The right to attend trial and all other court proceedings the accused has the right to attend.

The right to confer with the prosecution.

The right to make a statement to the court

at sentencing.

The right to information about the conviction, sentence, imprisonment and release of the accused.

2) The legislature may provide by law for the enforcement of this section.

3) The legislature may provide for an assessment against convicted defendants to pay for crime victims' rights."

PROPOSAL C

"Proposal to authorize bonds for environmental protection programs.

The proposal would:

1) Authorize the State of Michigan to borrow a sum not to exceed \$660 million dollars to finance environmental protection programs that would clean up sites of toxic and other environmental contamination, contribute to a regional Great Lakes protection fund, address solid waste problems, treat sewage and other water quality problems, reuse industrial sites and preserve open spaces; and

2) Authorize the state to issue general obligation bonds pledging the full faith and credit of the state for payment of principal and interest on the bonds; and

3) Provide to repayment of the bonds from the general fund.

Should this proposal be approved? Yes or No?"

If passed this act would be known as the "Environmental Protection Bond Authorization Act". It would authorize the State of Michigan to borrow up to \$660 million to address the clean-up of toxic waste contamination, solid waste problems, sewage treatment, and other water quality problems. Repayment of these bonds would come from the general funds and would be provided for in the executive budget recommendations to the legislature.

This act will not take effect unless House Bill Number 4995 of the 84th Legislature is enacted into law.

PROPOSAL D

"Proposal to authorize bonds for state and local recreation projects.

This proposal would:

1) Authorize the State of Michigan to borrow a sum not to exceed \$140 million dollars to finance state and local recreation projects; and

2) Authorize the state to issue general obligation bonds pledging the full faith and credit of the state for payment of principal and interest on the bonds; and

3) Provide for repayment from the general fund.

Should this proposal be approved? Yes or No?"

If passed this proposal will be known as the "Recreation Bond Authorization Act".

This act will not take effect unless Senate Bill No. 866 of the 84th Legislature is enacted into law.

Noreen Harmer To Address Diabetes Group

Noreen Harmer, a pancreas transplant recipient and Director of Diabetes Education at Grayling Mercy Hospital, will be featured speaker at the November Diabetes Update Support Group meeting.

Harmer received a pancreas transplant five years ago at the University of Minnesota. She continues yearly research follow-up under the supervision of David Sutherland MD, Director of the International Pancreas Transplant Registry at the University of Minnesota. She has presented numerous programs in Michigan for health care personnel and persons with diabetes.

The program begins at 7:30 p.m. on November 8 in the Alpena General Hospital Auditorium. Harmer will discuss kidney disease and the status of kidney and pancreas transplants for persons with diabetes.

By Bonnie Pooley

Troop 2045 met Thursday, Oct. 27, at Hanson Hills with some of the other area troops to carve pumpkins. First we had to draw faces on them. Then we cut them open to get all the seeds and stuff out of them. It was very messy but fun.

Everyone's face on their pumpkin was different. There was a lot of laughing. After we cleaned up we had doughnuts and juice. Then we went outside to the playground until time to go home. With Abi Lanning as our leader every meeting is fun.

To The Citizens Of Crawford County:

Early in this campaign, I spoke with various school officials as well as other people in the community about serious discipline problems in the schools.

My response to those concerns is the **QUIET ROOM**. After school authorities have first exhausted all available internal and community remedies (i.e. counseling, testing, program placement and in-house suspension) and upon the filing of a proper petition, a hearing in the Probate Court would determine, on a case by case basis, whether the Court should require a juvenile offender to attend the Court's **QUIET ROOM**. Any student placed in the **QUIET ROOM** during a period of suspension or expulsion from school would spend the same amount of hours otherwise spent in school and would be closely monitored by Court personnel.

Such a room will be set up utilizing existing personnel and facilities.

The **QUIET ROOM** is a method of last resort for serious problems that cannot be internally corrected in the school system. It will only be utilized upon a proper showing that all available remedies have been unsuccessful with the student in question. It is but one facet of a comprehensive juvenile program that will allow the great majority of our children to attend school uninterrupted by others and to grow up as responsible citizens. If we take the time and effort, we can make a difference for our kids.

Why Do Victims Stay After Violence Occurs?

In the last of a three part series, River House Shelter and Domestic Crisis Services answers some of the most frequently asked questions about domestic violence victims.

Q. Where is the shelter located?

A. The exact location of the shelter home is not revealed to the general public in order to provide safety for the families who reside there. If you do know the location, River House asks that you do not publicize the location. All staff, volunteers, and River House clients are required to sign a confidentiality agreement which includes not revealing the shelter location.

Q. How many people can you house?

A. We can comfortably provide housing for 16 women and children. We can house more, in an emergency. We can also refer families to other shelters in the area.

Q. Do you ever have male victims?

A. While 95% of our clients are female, we have provided domestic violence intervention services to male victims. We are not able to house a male victim at the shelter, but we will find a safe place for him to stay.

Q. How are you funded?

A. We receive federal and state grant monies and private contributions. We also receive United Way funds in two of the four counties we serve.

Q. Aren't drugs or alcohol the cause of the abuse?

A. While substance abuse is often a part of the problem, it does not cause domestic violence. It is very often used as an excuse for battering. For example, the batterer may say "If I hadn't been drunk, I wouldn't have done that to you". The victim may say "He really does love me. He was drunk, that's all."

Most batterers don't see that they have a problem, however. Generally the blame for the abuse is put on the victim by her assailant, for example "If you were a better wife, I wouldn't have to beat you."

Q. I can't believe we need a shelter here. Isn't this a big city or low income problem?

A. Family violence exists in all levels of society. There are no economic, racial, religious, age, sex, or social limitations. Since opening the River House Shelter in 1986, we have opened approximately 300 files, an average of 150 per year. For every open file, there are many more families that we never hear from.

Q. Why do women stay? (If my husband ever hit me I'd leave him! If I ever hit my wife, she'd be gone in a minute.)

A. Women stay for many reasons, some of which are complex. She may think that she is the only one who is being beaten. She may be financially dependent on him. She may feel ashamed. She may believe that she deserves what is happening to her. She may have been raised in a violent family or abused as a child and does not realize that there is any other way to live. She may think she has nowhere to go. Often families and friends will not get involved or they have the same problem and are unable to help the victim. Often the victim is isolated from family or friends. She may have been told that the reason there are problems is because her family interferes too much. He may have threatened to kill her, her family and friends if she ever does leave. Sometimes the women are told that he will charge her with desertion and take the children by having her proven to be an unfit mother. Very often the reason a woman comes to the shelter is because her children are in danger. She will say that she can live with what he does to her but she won't let him hurt the kids.

Q. Are shelter programs just for women who have been beaten?

A. Abuse can be physical, sexual, emotional or psychological. Emotional and psychological abuse take much longer to recover from in many cases. Frequently a woman will not seek help because she believes that since she has never been hit or beaten, she is not abused. Physical abuse is only a part of the total power and control an abuser has over their victim.

Q. What can I do if I know someone who needs help?

A. You can call the police if you know or suspect that a physical assault is taking place. You can tell your friends or relatives about shelter programs and the 24 hour crisis line (517) 348-8972. If you know someone who does not live in the four county area (Crawford, Oscoda, Ogemaw, Roscommon), there is a national hotline 1-800-333-SAFE or they can call River House for a referral within the state of Michigan.

MILITARY

Army Spec. Jeffery S. Welch has participated in the NATO-sponsored exercise, Return of the Forces to Germany '88 (RE-FORGER).

The exercise was designed to evaluate plans and support agreements between NATO member nations, to exercise West Germany's ability to support deploying forces and to test the ability of European-based units to quickly link reinforcing units with their pre-positioned equipment.

He is a track vehicle mechanic with the 517th Maintenance Company in West Germany.

Welch is the son of Gerald and Margaret Welch of 715 Pembroke Drive, Grayling, Mich.

His wife, Marty Jo, is the daughter of Martin Peterson of Grayling.

The specialist is a 1983 graduate of Grayling High School.

Grayling Plays Gaylord For Share of 1st Place

The Varsity girls basketball team continued to gain momentum last week with two relatively easy victories over Boyne City, 58-40, at

home, and an away game with Charlevoix, 55-26. With only four games left in the regular season, Grayling is tied for second

place with Cheboygan, with 3 losses each. Gaylord is tied with Sault Ste. Marie, with 2 losses each. Grayling's overall record for the season is 12-4 (includes non-conference games).

At Charlevoix, the third quarter score, 46-14, Grayling, pretty much tells the story.

Coach Howard Lehti said that the momentum the team is currently experiencing is a direct result of the team's excellent practice sessions.

"Lori Gust played a good game Thursday evening," Lehti said. "She only scored 2 points but she had three assists and 12 rebounds, a high for the team. Lori has been consistent all year," he said, "and is one of the top 10 scorers in the league."

A.J. Pratt led the scoring with 14 points, 6 rebounds and 3 steals. Lehti said that A.J. has also been a consistent player all year.

Other points were scored by: Heather Stephenson 12, Patti Tremblay 10, Melanie Ojala 4, with 3 assists, Margaretta Perez 4, Nikki Trenary, Deanne Phelps, Lori Gust, Ann Petrosky and Peggy Smith with 2 points each and Janet Bickford 1.

Lehti credited Stephenson with good consistent playing, averaging 10-12 points per game. He also stated that Tremblay and Pratt, who share the point guard position have shown outstanding "on the floor" leadership.

On Tuesday, October 25, Grayling put together a total team effort and defeated Boyne City, 58-40.

Patti Tremblay captured high scoring honors with 11

points and 10 rebounds. Other points were scored by: A.J. Pratt and Heather Stephenson with 10 points each, Lori Gust 8 with 8 assists, Melanie Ojala 4, 8 steals and 11 rebounds, Peggy Smith 4, Janet Bickford 3, Linda Goodale, Anne Petrosky, Aimee Rochette and Margarita Perez with 2 points each.

"Melanie Ojala played an excellent defensive game," Lehti said.

Lehti pointed out that the Grayling team consists of unselfish players.

"We feel that the team concept that we have been trying to develop all year," Lehti said, "that is hitting the open man (girl), has resulted in a team that passes the ball to the person who has the open shot, and allowing her to shoot the ball."

In Tuesday's game against Boyce City, Grayling controlled the tempo of the game and played as a team. Boyce City just could not keep up the pace said Lehti.

"We scored a lot of points this week," said Lehti. "It was a good week for team morale and team spirit. At this time of the season," he said, "team morale is so important. We have only four game left to play before we go into post season play, better known as tournament time." Lehti said that there is no time for bad attitudes or lackadaisical playing. All season the team has been trying to get the "green machine" rolling, and Lehti feels it is finally working.

This Thursday, November 3, Grayling travels to Gaylord to face the league's first place team.

Freshman Beat Gladwin 28-16

On Monday evening the Freshman girls defeated Gladwin at Gladwin by a score of 28-16. "After a very shaky start we came back and outscored them 14-5 in the 2nd quarter and that pretty much set the tone for the rest of the game until the 4th quarter when we lost Kim Labo and Tara Bertalan to fouls and they dropped 6 of 10 free throws in that same period," said Coach Stephenson.

Scoring for Grayling were Bilye Morrow with 8, Tara Bertalan with 7, Kris Welch with 5, Brenda Moshier with 4 and Kim Labo and Kristi Lamie with 2 each. On Wednesday the girls

were defeated by a score of 39-25. According to Coach Stephenson, "Cadillac outscored us by 7 points in both the 1st and 2nd half, so they didn't really manhandle us and I think we can beat them on Wednesday when we travel to Cadillac for our last game of the year. Our defense did a very respectable job but we just couldn't keep from turning the ball over and couldn't get our offense on track. Brenda Moshier did a real good job shutting down their inside game and Tara Bertalan led the team with 10 points followed by Bilye Morrow with 6, Brenda Moshier with 5 and Kris Welch with 4."

Viking JV's Finish 5-4

The Gaylord J.V.'s ran the opening kickoff back for an 80-yard touchdown, and then went on to defeat Grayling in the last game of the season, 40-6. The game was played on Thursday, October 27, at Gaylord.

"We just could not stop Gaylord's offense," said Coach Fred Wolcott. "They scored 32 points in the first half."

Grayling ran the ball well in the first quarter, scoring on a good drive with runs by Dana Mirate and Sean Fraser. Grayling's only touchdown was made on a two yard run by Mirate. The point after attempt failed.

Wolcott said that the first half hurt the team. Grayling was able to shut them down in the second half allowing only one Gaylord touchdown late in the fourth quarter, but by then Gaylord's lead was overwhelming.

Defensively, Coach Wolcott credited Andy Barkway, Pete Opperman and Dana Mirate with good games.

Offensively, Mirate and Fraser ran the ball well.

"Our blocking was good," said Wolcott. He praised two tackles, Todd Millikin and Pete Opperman, and guard

Scott Hartman.

The Grayling J.V. football ended their season with a 5-4 record.

Here's an interesting question for you...What former all-women's college is now a national power in men's major-college football?...Did you know that Florida State University, the No. 2 college football team in the nation last year, was an all-women's college from 1901 until 1947 when they admitted men for the first time.

Here's an amazing fact...If Brown University beats Yale in their annual football game EVERY year for the next 41 YEARS, Yale would STILL lead in their all-time series!...Since their series began in 1880, Yale has beaten Brown 65 times while Brown has beaten Yale 23 times, so even if Brown wins the next 41 years, Yale still leads!

It's a little-known fact that Darryl Strawberry has hit more home runs in his first 6 seasons in big league baseball than either Hank Aaron or Babe Ruth had in their first 6 years...Strawberry has 186 homers in his first 6 seasons...At the same point in their careers, Aaron had 179 and Ruth had 103.

I bet you didn't know...that even though your mind might be on deer hunting or woodcutting or getting ready for winter, Cliff Wheeler's mind is set on getting you into a new car or truck! What better way to get ready for the cold weather? Wouldn't it be nice not to have to depend on old Betsy to get you through another winter? Call Cliff today and he'll work harder than anybody to get you what you really want.

Voters of Crawford County,

A black and white portrait of a man with dark hair, wearing a white shirt and a dark tie. He is looking slightly to the left of the camera with a neutral expression. The background is a textured, mottled grey.

My Answer

My Answer

I have never asked for a raise. I have received raises along with other elected officials. In 1985, I voluntarily took a \$1,000. cut in wages for that year.

If elected, I will voluntarily take a \$100.00 a month reduction in wages from whatever the Sheriff's salary is set at, for the next 4 years. This should pretty much offset any raise I may receive.

While talking about cost, in January 1982, Mr. White received a rise from \$3.75 to \$4.25 per day to feed a prisoner. After 7 years of inflation and rising costs of living I am still feeding a prisoner on \$4.25 a day. I feed the prisoners better than the state requires.

Mr. White must have been doing pretty good on his \$4.25 a day back then when \$4.25 had a lot more buying power.

Of course there has been a turnover in personnel. Most went on to bigger and better jobs. I am happy for them. Mr. White would like you to believe that he never had anyone leave the department.

There were 3 officers in the K-9 unit. One was a part-time employee who went to work for the State full-time and was not available.

The second officer had a home in the upper-peninsula that he could not sell. He got a job near his home and quit this Department and moved back home.

The last officer wanted a pager/charger and injury/death insurance for his dog. It was not a matter of right or wrong of the request but, due to the fact there was no money in the budget for these items, the officer quit.

Dogs are available from other departments at no cost. When we had tracking dogs, we furnished dogs and their handlers to other departments at no cost.

The K-9 people are a volunteer unit and not required by department or union rules.

The officer in charge of the Swat (S.T.A.R.T.) team was upset when we did not call him in to make a drug raid and quit.

Under-sheriff Coors led the drug raid and made the arrest.

There were no hostages and no need to call in the Swat team. The raid was a standard operation that went off without a hitch.

The Swat team was a volunteer unit and not required by department or union rules.

All modern police tools that this department has, we use. All police tools are governed by budget.

The department still has an "active" detective and has never had a "Drug unit." Every officer works on the drug problem.

As a former Sheriff, Under-Sheriff and Union Steward I am surprised that Mr. White does not know the union contracts are never signed by the time the Sheriff has to turn in his budget. Sometimes they are not signed until the next year. The budget has to be adjusted to the contract agreement, such as wages and anything else the contract calls for. We have had to repair the Radio/telephone dictaphone and buy a new dishwasher. Both had seen many years of service. Budget supplements.

It is strange that Mr. White would make this statement. While he was Sheriff (1980-1984) he took the best car (green Olds.) that the department had for his own personal use. He also allowed the undersheriff and detective to have cars for work and personal use. All three of these cars were personal transportation for the family, shopping, visiting and vacations. The taxpayers paid for the purchase of the cars gas, oil, maintenance and insurance.

I stopped that practice and drive my own car. I receive a reasonable amount of gas from the county.

About 20 times, for a period of 24 hours I have allowed officers to take a car home or for personal use. That was because of certain situations or problems in the county. I had demanded that they be in radio or phone contact at ALL TIMES.

Mr. White must be refering to my inmate work program.

In the last 2 years, the Grayling Fish Hatchery has received grants for Environmental Cleanup from the Weyerhaeuser Co. 1987, and Georgia-Pacific 1988. Because of these grants I have been able to have a crew work out of the Hatchery. They have cleaned rivers, roads and worked at the Hatchery. While not part of the Environmental Cleanup program, I have had a detail work at the County Fairgrounds, Frederic Kids' Day celebration, and the County Museum.

The inmates are not paid but receive 1/2 day off their sentence for every day they work. This gets them out a little earlier from an overcrowded jail and gives the taxpayers a little something back for their tax dollars.

This summer the inmates cleaned 88 miles of roads, some stretches twice. Picked up 273½ (large) bags of trash and other items.

They covered 73 miles of river, some stretches twice. Picked up 64½ bags of trash, plus steel drums, tires, batteries and etc.

The 5 inmates worked 199 days, earning 99½ days of good time.

Mr. White would close the door on this kind of help. Why?

The officers are well trained. Training is governed by money that is available. "Experience" is the act of living through an event.

Mr. White should specify. Just some of his hinting and implying that something is wrong.

From Mr. White's open letter it would appear that he believes that the citizens of Crawford Co. are barricaded behind locked doors in fear of their lives. That there was no crime in Crawford Co. while he was Sheriff and that there would be no crime in the county if he is elected Sheriff.

Overall the Crawford County Sheriff's officers are some of the best and the Department is as good or better than most departments in the north.

I hope I have answered Mr. White's innuendos and half truths to your satisfaction.

Mr. White talks of Honesty and 26 years in police work. As I recall Mr. White's first police job was for me on the Grayling Police Department. He was sworn in April 1963. 1963 from 1984 is not 26 years. Mr. White has not been a police officer (law enforcement officer) since Dec. 31, 1984.

— Honest? —

I have been a Law enforcement officer for 35 years, as Grayling Police Chief, patrolman, and Crawford Co. Sheriff.

Your Opinion Counts Pay of State Officers

The State Officers Compensation Commission, a seven-member panel of citizens, currently is reviewing pay and expenses to be paid in 1989 and 1990 to the Governor, Lieutenant Governor, Justices of the Supreme Court, and State Legislators.

Comments from individuals and organizations are being sought.

On November 9, 1988, a PUBLIC HEARING will be held at 7 p.m. in the Law Building Auditorium, Capitol Complex, Lansing.

The Commission is particularly interested in views on:

- What compensation incentives for these positions will produce excellence of performance on the job?
- What levels of pay will attract and retain the highest caliber of individuals to these positions?

The final game of the season for Grayling football saw the Vikings lose to Gaylord at Grayling Friday, October 28, in a see-saw scoring game, 16-9.

Gaylord started the scoring with a 90 yard run for a touchdown in the first quarter. The PAT was good, giving Gaylord the lead, 7-0.

In the second quarter Grayling scored on a six yard run by Matt Branch. The point after failed, and Gaylord held onto their lead, 7-6.

With only seconds left in the half, Grayling scored on a 23 yard field goal by Rafael Mayoral, which gave Grayling the lead at half-time, 9-7.

A third quarter touchdown by Gaylord once again gave

them the lead, and their two point conversion run completed the scoring for the game.

"There were some bright spots in the game," said Coach Don Stowers. "We started three sophomores, and would have started four, but Mick McKinney, who has been playing well for us this year, fractured his ankle in the St. Ignace game and could not play Friday night."

Stowers said that Branch played his best game of the season, running the option offense. John Lamie also played one of his best games.

John Gay was the Viking's leading tackler for the game, and is their leading tackler for the year, said Stowers.

Stowers explained that the Viking's Kevin Bickford and Frank Hartwick were able to completely shut down the in-

side trap play that Gaylord runs so well, but Gaylord came back and effectively used the outside bootleg.

Now that the football season is over, Stowers will be supervising an after school and summer weight program for Grayling athletes.

"Probably the biggest weakness we have in football," said Coach Stowers, "is that our kids have to invest more time and effort in being strong. Many of the teams who have been beating us aren't just beating us because they have more people," he said, "they are beating us because the people they have are a lot stronger than we are. We hope to have better participation in our weight programs."

Grayling ended their football season with a 1-8 record.

MICHIGAN HAS LED THIS COUNTRY BEFORE. TOGETHER, WE WILL LEAD IT AGAIN.

In the four years I've served as your Congressman, I've worked hard to protect and support the best interests of mid-Michigan. I'm proud to be Michigan's only representative on the Agriculture Committee, because I can do more for our farm families—like securing financial aid after devastating floods or working on drought relief efforts. Whether it's fighting for a fair trade policy to protect and build more jobs, creating a college savings bond to educate our children, or speaking up for Michigan Seniors on the Select Committee on Aging, I've made your views my priority.

We live in an important place. In a very real sense, Michigan is America. We're industrial and agricultural, urban and small town. Our farmers feed the world and our workers forge America's strength. In our families and churches, our factories and farms, we hold the secrets of America's greatness.

November 8th is Election Day.

With your vote I'll continue to carry the message and the spirit of the people of Michigan to Washington.

RE: Claim

Dear Kevin and Andrea:

I noticed that you recently presented a claim and a copy of the draft issued indicated that the claim is closed and settled.

I am doing a spot check on our claim procedures and would like to have your input.

Was the settlement satisfactory with you?

Were you contacted or communicated with in a timely manner?

Do you feel that anything we did delayed your claim in any way?

Any suggestions or comments that you can give us would be very much appreciated as it is our goal to offer the best claim service available anywhere.

Thank you and we want you to know that dealing with people like you make it a pleasure to work and live in Grayling.

Sincerely,

Paul J. Thomson

Stillwagon, Murray United

Mandi Ann Stillwagon, daughter of Merry and Joseph Meredith of Grayling, and Michael and Dolores Stillwagon of New Port Richey, Florida was united in marriage to Martin Stanley Murray, son of Stanley and Phyllis Murray of Lansing, Michigan on Saturday, August 27, 1988. Rev. Gerald Micketti performed the double ring ceremony at St. Mary's Catholic Church in Grayling.

The bride wore a white, cathedral length, satin and lace gown. It was fashioned with a Queen Anne neckline and embroidered with pearls and sequins. The cathedral-length veil was also embroidered with pearls. The bride carried a cascading bouquet of roses accented with antique lace and pearls.

Mother of the bride chose an ivory lace tea length dress and mother of the groom chose a rose chiffon tea length dress. Following the ceremony a reception for 275 was held at the Officers Club of Camp Grayling. Music was provided by Frisco of Lansing.

The newlyweds traveled to London, England, and Paris, France, for a two week honeymoon. Mandi is a June graduate of Michigan State University and Marty graduated from Michigan State in 1986. They are presently living at Ft. Sill, Oklahoma for six months where Marty is attending an advanced officer military school. Upon their return they will be making their home in the Ann Arbor area.

Out of town guests were from Traverse City, Lansing, Saginaw, Birmingham, Chicago, and Florida.

Who You Vote For As President Is Your Business

Who You Vote For As Sheriff Is Crawford County's Business

The lack of professionalism and leadership in the sheriff's department must stop. Democrats and Republicans who are concerned about the safety of their families and property should vote for Joe White as Crawford County Sheriff.

Former Crawford County Sheriff, Joe White

An Open Letter From Joe White

Dear Crawford County Voters,

As former sheriff of Crawford County, I am especially distressed at the decline of professionalism, service and courtesy in the Sheriff's Department over the last four years.

Change can only come from the top, so I am seeking the office of Sheriff once more.

Who you vote for as president is your business. Who you vote for as Sheriff is Crawford County's business. That's why I'm urging all voters — Democrats and Republicans — who are concerned about the quality of life and the safety of their family and property to vote for me on November 8th.

Thank you.

Sincerely,
Joe White.

As sheriff, Joe White instituted —

- An effective tracking dog unit.
- A S.W.A.T. Team for emergencies.
- A detective unit to solve crimes.
- The Citizens Watch Plan to encourage people to work with their Sheriff's Department.
- An effective Drug Enforcement Plan.
- Security Cameras for the jail.
- Special training for Department officers.

Here is what Joe White will give you —

THANK YOU

The Grandparents of Stephen Powers wish to thank the Mercy Hospital Emergency staff and Dr. Slater for the excellent care he received.

Also, thanks to the Ambulance EMT women who transported him carefully and safely to Munson Hospital.

We are grateful to Jamie Brunskill, nurse, who accompanied and cared for him on the trip.

Special thanks to the alert motorists on M-72 West, at approximately 4:25 p.m., Sat., Oct. 29, who pulled off the road so his parents could reach the hospital quickly.

May God bless all of you, The George Pamerleau's

Correction

An 83rd District Court report published Oct. 27, 1988, in the Crawford County Avalanche was inaccurate and should have read as follows:

David Lee Sanborn, 25, of Roscommon, was originally charged with larceny in a building. The prosecutor's office, on its own motion, dismissed that charge and charged him with receiving, possessing, or concealing stolen property of a value less than \$100. Sanborn demanded trial by jury on the misdemeanor charge and on Oct. 6, 1988, was found guilty. He was fined \$205 or 30 days in jail.

The Avalanche regrets the error and apologizes for the mistake.

Obituaries

Marjorie Kittleman

Graveside services for Marjorie Helen Kittleman will be held Saturday, Nov. 5th, at 11:00 a.m. in Brookside Cemetery, West Branch, with Reverend Starr F. Kline officiating.

Joyce Schultes

Joyce Jean "J.J." Schultes, age 7, daughter of Stephen and Irene (Sorenson) Schultes, of Beaver Creek Township died Tuesday, October 25, 1988 at Butterworth Hospital, Grand Rapids.

Born in Lewiston, June 17, 1981, she was a second grade student at Grayling Elementary School, and has resided in Grayling with her parents since January of 1982. She is survived by her parents, Stephen and Irene Schultes, one sister, Johanna Marie, at home. Grandparents, Joyce Sorenson, and Ted Elwell, of Grayling and Harry and Jean Schultes, of St. Clair Shores. Also one aunt, Terry Schultes, of Lake Orion, and Godparents, John and Jennifer Stefani, of Mio.

Funeral services were held Friday, October 28, at 1:00 p.m. at the Sorenson Funeral Home with Reverend Robert Gordon officiating. Pallbearers were J.J.'s father, Steven Schultes, and God father, John Stefani. The family suggests memorial gifts be directed to the Juvenile Diabetes Foundation, or to the Crawford County Library.

**PROBATE
IN PERSPECTIVE**
BY: GRACE DOPP WEGNER

OUR PROBATE COURT IS...A family Court, which deals, not with the ideal family unit, but the disrupted family unit or its products in the areas of child abuse and neglect and juvenile delinquency. The court supervises guardians or conservators for people with special needs and special concerns.

PREPARED FOR THE PROBATE COURT...I have looked forward to the opportunity to serve my Community as Probate Judge for several years. For that reason, I have worked extensively in the Probate Court to gain a working knowledge of the Court's functions and an understanding of the people requiring the direction of the Court.

My own personal "life" experiences have provided me with insight, compassion and sensitivity in understanding the problems of persons in Probate. My business background would enable me to run the Probate Court efficiently and cost effectively.

MY GOALS AS YOUR PROBATE JUDGE...To place emphasis on the areas of child abuse and juvenile delinquency, as these cases are increasing at an alarming pace in Crawford County. With the effective use of the available governmental and community services and a firm and consistent standard of conduct expected by the Court, I believe we can protect the youth of this County from abuse and neglect and guide the troubled youth into leading a productive life.

To have a Probate Court which Senior Citizens and the Impaired will not seek to avoid, but will, with ease and assurance, seek the Court's assistance.

To strengthen and preserve the dignity of the family unit, which collectively provides the basis for a community of which we may all be proud.

I have enjoyed sharing my thoughts with you over the past weeks. I hope you have found the articles to be informative. Your vote for me on the Non-Partisan section of your ballot in the November Election would be appreciated.

Eye Care News

Richard P. Ferrigan
Certified Ophthalmic Dispenser

Q. It only took my neighbor ten minutes to get her eyes examined. I spent almost an hour and paid ten dollars more. Why?

A. Generally, it takes from 30 to 60 minutes for an Optometrist to give you all the tests needed to examine your eyes thoroughly for health and vision problems. The results of the basic examination may call for additional tests. This will keep you in the examination chair longer and sometimes add to your cost. Extra time may also be involved if you have special occupational vision needs or require a special lens design. It also takes more time and tests to determine a contact lens prescription. Ask your optometrist in advance approximately how long your examination will take. Your eyes and vision can be shortchanged by an examination that cuts corners. Your vision is too precious to risk.

To The Citizens of Crawford County Voting November 8, 1988.

**I/We feel that you should be aware
of the following facts.**

1. PERSONNEL TURNOVER — Although some have left for better paying positions, why is it that most were not looking for other employment under Joe White's administration in the past.

Mr. White and his undersheriff were available not only to the public but also to his employees, not only during office hours, but after hours.

2. K-9 UNIT — The last officer in the unit wanted one of the unused pager-charger units. This would not have had to have been purchased since there was at least one pager in the jail administrators office at the time of the request. After this request, the current administration gave one to on-call matrons who used it for a short period of time.

3. SWAT TEAM (S.T.A.R.T.) — Most items used by the team were purchased by the officers themselves, i.e.: uniforms, vests, boots, hats, jackets, jumpsuits, and other items that would ensure their safety and the safety of citizens in a crisis situation. All training time was donated to the county by these dedicated officers. Ref. to the Drug Raid. It was Detective Anthony who obtained enough information on the accused subject(s) to obtain the warrants for the arrest. It was this detective and the K-9 Lex and Linda who searched the area and located much of the evidence with the help of officers at the scene.

It is not necessary to have a hostage situation at a scene for the team to be utilized. They should be utilized in any situation that could turn critical within a matter of seconds.

In my/our opinion, since when is a drug raid a standard operation within Crawford County?

The officer in charge of the unit and one other designated team member went to Columbus, Ohio for specialized S.W.A.T. team training/seminar which the county did not allocate any funding for.

4. DRUG UNIT — Although there was never the "official" title of drug unit, under Joe White, drug complaints and information was turned over to the detective and/or Undersheriff. The follow-up and investigations were conducted and acted upon by these officers often with the help of fellow officers of Crawford County Sheriff Department and the narcotics unit of the Michigan State Police.

5. INMATE WORK PROGRAM — The program could be a good program if the inmates were supervised by a "Deputized Correctional Officer."

The AuSable River Clean Up Day in the fall, which contributes to local charities, is no longer scheduled by the Crawford County Deputy Assoc. and the Crawford County Dive Team. Why??? Because the inmate program does this now so a half day can be taken off from their jail sentence for each day they work there.

Inmates from the work program have been caught unsupervised out by themselves. Three deputies observed one inmate underneath the railroad bridge in front of the courthouse with his wife.

In cleaning the fish hatchery, inmates received hats, tee shirts, (which did not identify them as inmates) and also another 1/2 day off their sentence for a day spent there.

Ironically enough, Fun Day in Frederic had "real" jail inmates putting citizens into the mock jail and collecting the money. At Milltown they were unsupervised, walking up and down the street in civilian clothes. At times they have access to freely be allowed to leave the jail and walk to the hospital, in civilian clothing, to see a relative who was a patient, but "not in intensive care." Also, new fathers have walked to the hospital to see their newborn infants and visit with the relatives and mother of the child.

Please Vote in the Election on Nov. 8th!

Road Commission Minutes

September 30, 1988

A regular meeting of the Crawford County Road Commission was held in their office in Grayling. Present were: Chairman Gloria Kraus, Commissioners Grover Cason, Engineer-Manager Keir, Accounting Clerk Joanne Thompson, Chairman of Roads & Bridges Don Geiss. Absent: Commissioner Norman Parker.

The minutes of the previous meeting of September 13, 1988 were read. Commissioner Cason made a motion to accept the minutes as read, seconded by Chairman Kraus. All voted in favor, minutes approved.

Materials Account check number 14103 for \$82,888.43 was ratified. Payroll Voucher Number 20 in the amount of \$26,383.70 and Material checks numbered 14104 through 14178 in the amount of \$157,094.19 were presented to the Board for approval of payment.

The following permits were reviewed and signed: Consumers Power Company to install four poles on King Road in Beaver Creek Township and Shell Western E & P to conduct a seismic survey in Lovells Township.

Chairman Kraus and Commissioner Cason signed the final plat of Williams Wilderness.

Engineer-Manager Keir informed the Board that the paving projects are completed and that a Lovells Township Meeting will be held October 11, 1988. Also that testing of fuel tanks was being performed today.

Notified that the Michigan Dept. of Transportation is requesting any FAS projects for 1989 to be submitted. A thorough review of roads shall be made when the full Board is present.

Discussion was held on various types of seismic surveys and the need for underbody blades and pickup trucks. The Board authorized Engineer-Manager Keir to advertise the trucks and blades.

There being no further business before the Board, a motion was made and seconded to adjourn. All voted in favor, meeting adjourned.

My family is moving away and I'm sad. I'm sad because I have to move away from my friends and teachers. I'm going to miss everything, like ballet, basketball, and this school.

I'm moving to Sault Ste. Marie, Michigan, before Thanksgiving because my mother would like to get settled before Christmas. I'm moving because my dad got a job promotion. My mom and dad are there now looking for a house.

My sister and I are going to have a party before we leave.

October 24, 1988

Dear Grace Wegner:

As a member of the Crawford County Republican Committee I feel you are due an apology from the party of which you are also a member. Twice in the past month you have been embarrassed by the Committee or some of its members.

First of all you were denied inclusion in the Party's ads because the County Committee was manipulated by your opponent, who is not a member of the Republican Party, through some of his friends who are Republicans into not including candidates for non-partisan office (even if they are Republicans.) This meant that not only you were left out of the Party's ads but Tom Koerner, Judy Hughes and Richard Griffin as candidates for the State Court of Appeals and James Brickley and Richard C. Johnston as candidates for the State Supreme Court were sacrificed to keep you out. Somehow that seems more political than it is judicial.

Secondly, when the Party had its literature distribution one distributor included your opponents literature also and one did not include either candidate so some voters were denied the information on who is a Republican and who isn't. Granted this is for a non-partisan office but party labels allow voters to understand better how a candidate may feel on some issues and state law provides that Supreme Court candidates are nominated by State Party Conventions and both major parties campaign for Supreme Court and Appeals Court judges so why should Probate Court be any different?

I hope the party officially apologizes to you but at least I feel better having done so personally.

Sincerely,
Arthur V. Carlson

Houseboat Adventure, Safari Offered at UW Auction

The Guest Auctioneers who will be helping with the United Way Auction on Saturday, November 5th, have come up with some very special items to auction. A "Houseboat Adventure for Six" - Picnic dinner, liquid refreshments, and snacks - good during the summer months of 1989 will be offered with "Lotto Laro" and Maureen McNamara.

Just for a day the "African Park Safari" in Ohio will be proclaimed a lucky bidder's day. Banners will bear the name of the lucky bidder, Park personnel will proudly wear buttons with the bidder's name. Ride on an elephant or a camel. This package will be auctioned off by "Bwana" Tom Hunt.

"Wheeler Dealer" Brad Scheer is offering a once a month for a year car wash and interior cleaning. The first job to be done personally by Brad himself.

Paul "The Protector" Thomson will be doing the cooking for a special Italian Gourmet Banquet with appropriate cocktails and cordials. The menu will include fresh Linguini and Shrimp, Lobster Fancy Italian Style, Prime Rib 'jus-ta' right, Paul Junttila's Texas Caesar Salad, and Spumoni. What a meal! Paul will offer this as a package for six at his beautiful home on Lake Margrethe.

"The Poor Man's Dealin' Man" John Jones will offer to take the fear out of winter by auctioning residential snow plowing for one individual for the 88/89 winter season. Person to call as needed. The first snow plowing to be done personally by John.

And, something to really look forward to for the 1989 summer season. A Thursday evening Round Trip for two - transportation to and from Mackinaw Island and dinner at the Mackinaw Island Yacht Club with

"The Hangin' Judge" Alton Davis and his wife Sandy.

If nothing above suits your fancy - how about Glen's Market's offering? Fred Armstrong, Manager of the Grayling Glen's, has supplied the United Way Auction with an Apple II Computer.

As if all this isn't enough, there are many local artists in the community who have offered their talent in support of United Way. Adelaide Laurence, well known painter in the community, has offered the beautiful landscape she started while working as an "Artist in Residence" on the Art Train. Cheryl Stephan is contributing some of her fine glass etchings. Other artists and craftsmen are Sally Wert, Carol Hallett, Carol Conklin, and Mary Jane Knibbs. Several basketmakers will be represented including Donna Thomson who has made a beautiful wreath.

United Way Seeks \$62,000 Goal This Week

"United Way... It brings out the best in all of us," has been the theme of the Crawford County United Way's 1988 Campaign. Thanks to the donations of individuals, businesses and organizations throughout the county, the local United Way is well on its way to reaching its goal of \$62,000, which will be used to benefit 16 local human services agencies.

Many people have volunteered their time and efforts to make this year's campaign another success story. Heading the list of volunteers is the local Board of

Directors.

1988-89 officers include: David Sabin, President; Elizabeth Wieland, Vice-President; Judy Woodland, Secretary; and Robert Porter, Treasurer.

Board members are: Bruce Burkett, John Cherven, Arlene Gillespie, Bruce Gillis, Skip Hanson, Len Hoofman, Gloria Kraus, Maureen McNamara and Kent Reynolds.

Donna O'Grady served as 1988 campaign chairperson and D.J. Brown assisted her as co-chairperson. For next year's campaign, D.J. will take over as chairperson and another person will join her in the co-chairperson role.

We are indeed a caring community, thanks to the efforts of everyone - from the Board of Directors to the

many individuals who gave their time and their donations to this year's campaign. United Way is another one of the many reasons to be proud of Crawford County.

Thank You

Thank you for the cards, flowers and touching words that were given to us and our family on the loss of our precious daughter, Joyce. Life will never be as full as it once was but the memories of Joyce will never fade.

A special thank you to everyone at AuSable Construction and Beaver Creek Township.

From the K-9 Officers of Crawford County Sheriff Department to the Citizens of Crawford County:

The present Sheriff of Crawford County Sheriff Department seems to have forgotten the names of his K-9 officers and the police dogs who have served him for 4 years. This letter is to formerly let the good citizens of Crawford County and the many friends of Lex know that we haven't **QUIT** per Mr. Hatfield's quote.

We are and always have been available for lost children and adults and extreme emergencies 24 hours per day, 7 days per week, regardless of the weather or personal plans. But we do hesitate due to lack of Insurance to endanger our dogs lives without any kind of support from Mr. Hatfield or Mr. Coors.

I'm sure Crawford County's image to other counties is not the best due to the statement we can use other departments dogs because their free?

So, please once again Lex is asking all his friends to come forward and support a man who cares about Crawford County citizens — Joe White for Sheriff. Please Vote Nov. 8, 1988.

P.S. We once had a \$1500.00 budget for the K-9 unit and it was raised to \$2,000.00 but when we asked for equipment out of the budget we were turned down by Sheriff Hatfield.

Thank You!

UNITED WAY MAKES PROGRESS - Last week Campaign chairperson Donna O'Grady brought the thermometer up past the quarter mark in this fall's drive to raise \$62,000 in donations for the Crawford County United Way. By the end of Saturday's auction, the steering committee hopes to have reached its goal. Currently the drive is at 47 percent of the goal.

Area Red Cross Honored For Achieving 103% Goal

The Wolverine Blood Services Region of American Red Cross held the Twentieth Anniversary of their Blood Service to Northern Michigan on October 20th at Petoskey and Crawford County Chapter was honored with an award for achieving 103% of Goal and an increase of 30% First Time Donors in the Red Cross Blood Service fiscal year ended June 30, 1988.

Thanks to the magnificent response of Crawford County's loyal and dependable blood donors the chapter's long record of successfully meeting their blood doing goals is continued.

The great response of these blood donors has avoided delays in elective surgery which has burdened most of southern Michigan and the rest of the U.S.

GPA To Sponsor Christmas Home and Business Contest

TALK, TALK, TALK

Talk can arouse,
but of itself
it cannot heal.

To listen—
Truly listen—
is to begin
the healing process
a Township needs.

Listen to the wind.
Listen to the birds.
Listen to the trees.
Be still,
and listen to your God.

Above all, listen to
your own conscience.
This is the beginning
of listening.

Then—
listen to one person
Even for five minutes
Each day.

If each of us in
Grayling Township
listened with all his
might for just 5 minutes

each day, wouldn't
we be a better
Township for it?

What this Township
needs is a good 5-
minute listener.

You?

**I'm a
listener**

Bits of Talk

John Stephan of Soldotna, Alaska, was the guest speaker at the noon meeting of the Grayling Kiwanis Club on Monday, October 24, at the Chief Shoppenagon's. He narrated slides of Alaska taken by his brother-in-law, Bernie Fowler, and himself, during several fishing trips in southwestern Alaska. John has lived in Alaska for 24 years and is very knowledgeable about the fishing and terrain of the area. Bernie was unable to attend and John is visiting with his family here for several weeks.

Just in time for the holidays. Flower arranging classes now forming, for more information phone Main Street Florals 348-7423.

Leaf and Brush Pick-up Scheduled for Monday Mornings

City residents are reminded that leaves are now being picked up on Monday mornings along with other household refuse. Like household refuse, they must be contained in plastic bags and placed by the curb by 8:00 a.m.

Brush is still being handled by the city and should be piled at the curb after Monday in small enough pieces for one man to handle, and that can be run through the chipper.

Crawford County
c/o Crawford County Housing Rehabilitation and
Community Development office
County Building, Grayling, MI 49738
(517) 348-2841, ex. 253

TO ALL INTERESTED AGENCIES, GROUPS AND PERSONS:

On or about November 17, 1988 the above named Crawford County will request the U.S. Department of Housing and Urban Development to release Federal funds under Sec. 17(a) (1) (A) of the Units State Housing Act of 1937 for the following project:

Rural Rental Housing Rehabilitation
Demonstration (RRRD)

Rental Housing Rehabilitation
Crawford County, Michigan

\$50,000.00

An Environmental Review Record respecting the within project has been made by the above-named Crawford County which documents the environmental review of the project. This Environmental Review Record is on file at the above address and is available for public examination and copying, upon request.

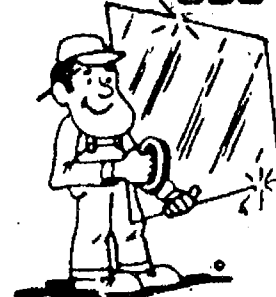

Crawford County will undertake the project described above with Rental Rehabilitation Program funds from the U.S. Department of Housing and Urban Development (HUD), under Section 17(a) (1) (A) of the United States Housing Act of 1937. Crawford County is certifying to HUD that Crawford County and Lawrence Mattis, in his official capacity as Chairperson, consent to accept the jurisdiction of the Federal courts if an action is brought to enforce responsibilities in relation to environmental reviews, decisionmaking, and action; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval Crawford County may use the Rental Rehabilitation funds, and HUD will have satisfied its responsibilities under the National Environmental Policy Act of 1969. HUD will accept an objection to its approval of the release of funds and acceptance of the certification only if it is on one of the following bases: (a) That the certification was not in fact executed by the chief executive officer or other officer of applicant approved by HUD; or (b) that applicant's environmental review record for the project indicates omission of a required decision, finding, or step applicable to the project in the environmental review Process. Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58), and may be addressed to MSHDA on behalf of HUD at 401 S. Washington Square, P.O. Box 30044, Lansing, Michigan, 48909. Objections to the release of funds on bases other than those stated above will be considered by HUD. No objection received after November 16, 1988 will be considered by HUD.

Thank You Crawford County

Before the November 8th election is upon us, my family and I would like to take a moment to express our gratitude to the people in this fine community. It has been a pleasure to meet so many of you. Your time, warmth and friendliness has been appreciated. It has been a rewarding experience to campaign in Crawford County.

We extend a special thanks to those of you who have devoted your time, talents, money and support to my endeavor.

If the voters should so choose, I would be honored to serve as your Probate Judge for the next six year term.

Respectfully,
Grace Dopp Wegner

TAKE CARE OF YOUR CHRISTMAS HANG UPS CONVENIENTLY!

Attention Christmas Club Members!

In addition to our traditional Christmas Club Account, OLD KENT now offers a "Christmas CD" savings plan.

OLD KENT has the only "Christmas CD" in town that lets you make additional deposits while you take advantage of higher interest rates. Higher than a regular savings account, higher than traditional Christmas Club accounts, even higher than money market investment accounts.

You can add to your certificate all year long...in regular deposits, or one lump sum...all the way up to the amount of your original investment. Our **Christmas CD COMPOUNDS QUARTERLY** — and you can pat yourself on the back for locking in OLD KENT'S COMPETITIVE ONE YEAR RATE ON EVERY DOLLAR YOU SAVE.

OLD KENT'S "Christmas CD" it thinks and acts like a savings account, giving you more spending power for Christmas shopping next year. And there's only one place you can get it — OLD KENT BANK.

FDIC Insured

Minimum Initial deposit: \$250. Additional minimum deposits of \$50. Penalty for early withdrawal.

Grace Dopp Wegner Probate Judge

Education: BA Degree, Valparaiso University; Law Degree, Wayne State University.

Work experience: Court appointed counsel for Probate, District, Circuit and Court of Appeals; Defense contract (Crawford County), primary responsibility for representation of all those parties requiring publicly paid representation in Probate Court; practicing attorney for 24 years; cooperating attorney - UAW legal services; closing agent for FmHa.

"I have looked forward to the opportunity to serve my community as Probate Judge for several years. For that reason, I have worked extensively in the Probate Court to gain a working knowledge of the Court's functions and an understanding of the people requiring the direction of the Court.

My major concern in Probate is the increasing number of abuse and neglected cases. Work is needed in prevention and control in this area. As Probate Judge I would maintain an advisory board to include all aspects of the community and human services, to jointly recognize the problems of the community and make everyone aware of the human resource services available in the area."

Clyde Anthony County Road Commissioner

Education: Grayling High School graduate.

Work experience: Worked in the office at the Road Commission (one year); construction foreman on roads and bridges (approximately 25 years); general foreman at various times over the same period; knowledge of equipment needed for jobs; 33 years total experience with Crawford County Road Commission.

"With my 33 years experience I figure I have the knowledge and experience to oversee the budget and set policies for the Engineer Manager to work from."

Arthur R. Thayer County Road Commissioner

Education: Chesaning High School graduate (1943); BS Degree from Central Michigan University, Mt. Pleasant (1950); MA Degree from the University of Michigan, Ann Arbor (1956).

Work experience: Teacher, coach, elementary school principal for the Crawford AuSable School District (1956-1980); Training, Executive and Commanding Officer of Naval Reserve Training Center at Cadillac; Equipment operator, truck driver and supply yard clerk-in-charge US Navy Seabees (1943-1946); All types of farm work (1925-1943).

"I am seeking this office because I feel that I have the ability to help establish the policies and budgets and to work with townships to make Crawford County roads and service the best it can possibly be."

Howard K. Guyett Sr. County Commissioner District 4

Education: Pontiac Senior High School graduate.

Work experience: Retired from Fisher Body (GMC) after working for 30 years. Retired from Rochester Hill (Avon Township) Fire Department, 25 years of service. Served two years on the Crawford County Transit Authority for Grayling Township and four years on the County Board of Canvassers. Has been a member of the Eagles for nine years.

"Being retired I can get around and talk to the people in District 4 to hear their concerns first hand."

Joseph Callewaert County Commissioner District 4

Education: Northwestern Michigan College at Traverse City, Associate of Science Degree, Polygraph Administration; Wayne State University at Detroit, Bachelor of Science Degree, Criminal Justice Administration; Central Michigan University at Mt. Pleasant, Master of Arts Degree in Public Administration.

Work experience: Senior legislative liaison to the State Legislature and U.S. Congress (appointed by Republican Stat Chairman, Spencer Abraham); Field supervisor and chief polygraph consultant at R.J. Ruddy Investigative Services and AuSable Valley Security; graduate of financial planning program of American Express, I.D.S. Division; chairman of the Zoning Board of Appeals for Grayling Township; Commander of the Disabled American Veterans, Commanders Club.

"In addition to a fresh and informed perspective, my election will bring an equality of representation and services to all citizens. Not one citizen's voice should be ignored nor dismissed because they live miles from town or 'have no economic interest' in our community."

"As a political and economic conservative, I see a future of freedom and liberty, with peace and prosperity for us all. Let's continue to work to conserve and make better, under God, this republic for which we stand."

John M. Hartman Beaver Creek Township Supervisor

Education: BS Degree from Western Michigan University (1969); completed schooling for Level 1 Assessing; and holds builders and real estate licenses.

Work experience: Served four years on the Board of Review of Hadley Township; self-employed for 18 years working with people; and has three children in Crawford AuSable Schools.

"Because of my work in and around the community, I have come to the realization that Beaver Creek needs more representation at the County level. If elected, some of my goals would be to help establish a township park, as Beaver Creek currently has none; support the continual upgrading of the fire department, and make myself available to hear the concerns of the people."

Cletis Spears Beaver Creek Township Supervisor (write-in sticker candidate)

Education: Attended Oran High School, Oran Mo. Work experience: Precision tool work, carpentry and building trades for 25 years.

"Because I was Supervisor for eight years, I think my work and qualifications speak for themselves. I have worked with the people of the community, and with their help we have accomplished many things with our improved roads, work done in cemetery, cleaner neighborhood, fine fire department, etc.

Because of the support from many people of the community who see and appreciate the work we have accomplished already, and have banded together to support me in hopes of re-electing me, I shall continue my expectations and obligations if elected."

Profiles of Candidates in Local Races

John G. Hunter Probate Judge

Education: Grayling High School Valedictorian (1969); BA Degree from Hillsdale College (Magna Cum Laude 1973); Juris Doctor from Wayne State University (1976).

Work experience: Practicing attorney for 10 years in Northern Michigan Courts; have been involved in Probate Court proceedings for adults and children in eight Counties; possesses a wide range of leadership experience in and out of court settings; father of three.

"I will insure that senior citizens are treated with dignity, compassion and respect and that juvenile offenders understand they will be held responsible for their conduct. I am active in the community, particularly with organizations concerning children. This is my home town and I care about it."

Harold A. Hatfield Crawford County Sheriff

Education: Attended Grayling High School; served four years in the Army during World War II where he received an honorable discharge as a sergeant.

Work experience: Served 27 years with the Grayling Police Department as Chief and patrolman; has worked a total of 35 years in law enforcement, and two terms as Crawford County Sheriff (1973-76 and 1985-88).

"When I took over the Sheriff's Department in 1985, I had to reorganize the department. Since then I have started many programs and would like to see them continued. Two of the more important programs are the youth programs and the inmate work program."

Joseph P. White Crawford County Sheriff

Education: Grayling High School graduate; Michigan Law Enforcement Officer Certification (May 1970); ongoing police administration education from Kirtland Community College, University of Michigan and Michigan State University.

Work experience: Twenty-six years in law enforcement; appointed to Sheriff in May 1980, elected to Sheriff November 1980-1984; served as deputy, corporal, sergeant, lieutenant and undersheriff from 1963 to May 1980.

"I believe with my background, experience and training I am qualified to provide the administrative leadership which will best serve the residents of this county."

Profiles

Thomas G. Miller

Lovells Township Trustee

Education: High school graduate plus many college courses in management and personnel development.

Work experience: Retired Plant Manager for Ohio Bell Telephone Company with 32 years of service.

"I believe to be effective the township board must have the respect, trust and support of the people it serves. In addition the board must hear, listen and act accordingly to the people. If elected I will do my part to make this happen."

Warren H. Fuchs

Lovells Township Trustee

Education: High school graduate; Ford Motors' schools, General Motors' management training.

Work experience: Orientation of Plant Management, Ford Motor Co.; Maintenance Supervision, General Supervision, managed shifts of maintenance departments and managed maintenance of Body Division of Orion plant of General Motors Company.

"I am seeking the office of Township Trustee because I am concerned about the way things seem to happen at times as a 'matter of course', or because of some special interests, which really does not reflect the will of the majority. I will work to change this.

The desires of the people should be in an office holder's mind, first, last and always. A person who is convinced he or she knows what is best for everybody should not be in office."

Arnold T. Stancil

Grayling Township Supervisor

Education: Department of Defense, Journalism College, Indianapolis (1 year); Northwestern Michigan College, Traverse City (2 years); Kirtland Community College, Roscommon (2 years).

Work experience: Department of Public Affairs, Treasury Dept., Washington, D.C.; Division of Public Affairs, U.S. Coast Guard, New York City; Land Acquisition Agent, Bendix Corp., 1979-1983; Grayling Township Supervisor 1984 to present; Government Employees Insurance Corp., Washington, D.C.

"I will continue to seek better communications with the Department of Military Affairs and assist in helping Grayling Township to continue a well thought out growth plan for the future. Also, I would do everything possible to keep the residents voices heard."

Joseph P. Elekonich

Grayling Township Supervisor

Education: Sociology and Criminology, Carolina Community College; Michigan State University Assessment Administration.

Work experience: Crawford County Equalization Department (appraiser 1980-83); Grayling Township Assessor (1983-87); Higgins Township Assessor (1987-1988); active with the Crawford County Sheriff Department; active with the Crawford County Ambulance.

"I will do my part in Lansing, together with our State representatives to lower property taxes wherever possible. I will listen to the citizens' needs, research possible solutions to their problems and address major concerns of the people on such issues as: Lake Margrethe, road paving, senior citizen health care, recreation, noise, loose dogs and junk issues, to name just a few."

John Medler

Grayling Township Trustee

Education: Lansing Eastern High School graduate (1962), Michigan State University graduate (1967).

"I'm concerned about the governing and financial policies of the Township. Excessive expenditures must be controlled. Excessive jurisdiction must be controlled."

Michael J. McNamara

Grayling Township Trustee

Education: Grayling High School graduate (1972); B.S. Degree in Applied Biology from Ferris State College (1975), B.S. Degree in Pharmacy from Ferris State College (1980).

Work experience: Local businessman in long standing family-run business, Mac's Drug Store.

"Most importantly, I would see that the taxpayers' money was spent wisely, meaning frugally."

Anthony Dobry

Grayling Township Trustee

Education: High school graduate with education in assessing parliamentary procedure and public speaking.

Work experience: School Board President of Burr School in Macomb County; Township supervisor from 1961-1965 of Sterling Township; Charter Commissioner of Sterling Township; Councilman and Mayor Pro-tem of Sterling Heights from 1968-1973; and Mayor of Sterling Heights (population 109,999) from 1973-1981.

"Based on the above and a lifetime of learning I believe I can contribute something of value to the community."

Betsy Mitchell

Grayling Township Clerk

Education: High school graduate and two years community college business.

Work experience: Secretary in a small business, bookkeeping experience, clerical help for private citizens and bulk mailer for the past five years.

"I would like to help better serve the community and to be more involved in events involving others. If elected I will do the job of clerk to my fullest."

Monica S. Ashton

Grayling Township Clerk

Education: Grayling High School graduate (1969); Kirtland Community College graduate (1981); Municipal Institute graduate from Michigan State University (1987); and is currently enrolled in supervisory management classes.

Work experience: Certified Municipal Clerk (1988); previously worked for USDA Soil Conservation Service (Resource Conservation and Development); U.S. Census Bureau (1980); worked as Level 1 Tax Assessor for Grayling Township (1973-74); Deputy Clerk for Grayling Township for four years; served as an election worker since 1972.

"The clerk's office serves all Township administrative departments, Boards and Commissions, without exception, and is called upon daily to collect, review, record, secure and disburse information and services vital to the history, current events and future of this community.

The clerk's work is not spectacular, but it demands versatility, alertness, accuracy and no end of patience. I believe my record reflects these qualities.

If re-elected, I will strive constantly to improve the administration of the affairs of my office, consistent with the law and sound management practices, to produce continued progress and so fulfill my responsibilities to my community and others."

The following candidates did not respond to the Avalanche's inquiry:

Robert E. Nelson, Crawford County Commissioner for District 3; Florence Nelson and Irene C. Schultes, both candidates for Beaver Creek Township Clerk; and James D. McCredie, candidate for Lovells Township Trustee.

The Gospel of John

Part #55 The Glory of Sickness and Death

Sickness and death has been a perplexity to many of God's saints for centuries. All of us know that sin and resulting death entered the world through Adam. (Romans 5:12). Yet, the immediate cause of sickness and death is not always personal sin. Sickness and death hit good families also. "Now a certain man was sick, named Lazarus, of Bethany, the town of Mary and his sister Martha." (John 11:1). Families who worship God are afflicted. (It was that Mary which anointed the Lord with ointment, and wiped his feet with her hair, whose brother Lazarus was sick.) (John 11:2). Sickness and death strike families God loves. "Therefore his sisters sent unto him, saying, Lord, behold, he whom thou lovest is sick." (John 11:3).

What then is the purpose for the sickness and death of Lazarus? God's glory is the primary purpose. "When Jesus heard that, he said, This sickness is not unto death, but for the glory of God, that the Son of God might be glorified thereby." (John 11:4). The second purpose is the fulfillment of God's love. "Now Jesus loved Martha, and her sister, and Lazarus." (John 11:5). Circumstances do not determine God's love, but God's love determines our circumstances. God uses sickness and death to mature us in the faith and enable us to minister to others. Finally, sickness and death fulfills the

plan of God for us. "When he had heard therefore that he was sick, he abode two days still in the same place where he was." (John 11:6). Jesus did not rush to heal Lazarus, because it was in God's will and plan that Lazarus die.

What then is our protection against sickness and death? First, we need not fear sickness and death as Christians. Christ set the example by going back into Judea to raise Lazarus from the dead. (John 11:7). "His disciples say unto him, Master, the Jews of late sought to stone thee; and goest thou thither again?" (John 11:8). Jesus reminded His disciples that He had twelve hours of work to do in a day to fulfill the light of the father's will. (John 11:9, 10). Every saint is immortal until God's time and work for him are fulfilled upon the earth.

However, sickness and death are the most dreaded of experiences for those unsaved outside of Christ. These are the enemies which plunge the souls of sinners into the flames of eternal Hell without Christ, and without hope forever. Trust Christ today! "For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have eternal life." (John 3:16).

The American Bible Society

There aren't many of us left who remember Sixbey's General Store. It was more than a store; it was a gathering place, a new bureau, a bright spot in a boy's summer afternoon.

You would come in from the hot dusty street, and the shaded store was cool. Immediately one encountered a tantalizing blend of scents—apples, licorice, spices and smoked ham. Grown-up conversation enhanced your feeling of excitement as they viewed and reviewed town happenings. One always took a long time to decide between a chocolate or a lemon drop, so that this exciting visit could be prolonged.

Our town has changed since then. For those of us whose memories linger in Sixbey's Store, it hardly seems the same place.

Yet, one thing's the same. At the corner of Elm and Main, St. Mark's steeple still points skyward. Man's need for God never changes. And the Church remains constant as it teaches the truths of God's love and presence.

Why not see for yourself this week.

Resource Review

By Bruce Patrick
Conservation Officer

The Northern Michigan deer herd is in the middle of the breeding season, or rut. This period of time, from mid-October to mid-November, is characterized by uncharacteristic behaviour on the part of the deer, especially the males. Driven by nature to reproduce the species, bucks are apt to be seen at odd times and places. This is good for the bow hunter, especially those who look with disdain at the "mini-marts" for deer scattered around the woods. By utilizing their knowledge and skill, these hunters have an excellent chance of taking a trophy.

On the other hand, the way deer behave during the rut

causes major problems for drivers. The incidence of car/deer accidents skyrocketed, with most of the deer involved being bucks. Last year, Michigan had 40,000 car/deer collisions (4 people were killed) and that number is expected to increase this year, considering a record number of deer in the state. Most of these accidents are said to occur on paved east-west roads which go through hilly terrain and within two hours of sunset.

I can agree with the time period mentioned, but I wonder about the terrain involved. Some time ago, I plotted all of the car/deer accidents for a year in Sanilac County, where I was stationed at the time. What I

found was that most of the accidents occurred where most of the traffic was. North/South/East/West didn't enter into the locations. Neither did the terrain (one has to look long and hard to find a hill in Michigan's "Thumb" counties).

To avoid hitting a deer, drive slower than normal, especially at night. If you see one deer, expect more to be around. Keep your seat belts fastened and remember, the most serious accidents happen when the driver slams on the brakes or swerves to miss a deer. Often, these actions result in collisions with other cars or stationary objects.

Recipes

By Phyllis Brummer

grated onion or chopped chives.

Try adding a little curry powder to your seasoned flour when pan- or oven-frying chicken or wild game birds.

Chicken Liver Curry

Saute 12 chicken livers in 3 tablespoons butter until lightly browned but still pink inside. Remove from pan and keep warm. In the same skillet cook 1/4 cup chopped onion and 1 cup thinly sliced mushrooms for 5 minutes and add livers. Prepare 1 cup cream sauce, add 2 teaspoons curry powder, a little onion juice, and 1/4 teaspoon ginger and boil a few minutes. Add to chicken mixture and serve on toast or rice. Since we are once again forced to eat hothouse tomatoes, this recipe may make them a little more palatable.

Baked Curried Tomatoes

Peel 6 tomatoes and place in a buttered deep baking dish. Combine 1 cup tomatoe sauce, 1 teaspoon curry powder, 1 tablespoon currant jelly, salt and pepper to taste, and a sprinkle of nutmeg. Cook slowly until mixture boils and pour over tomatoes. Sprinkle with any kind of grated cheese and bake 15-20 minutes at 400° or until cheese is bubbly and tomatoes are soft.

Indian Pudding

6 c. milk, scalded
1 c. yellow cornmeal
1/2 c. molasses
1/4 c. sugar
1 tsp. salt
1 tsp. ginger
1/4 tsp. soda
2 eggs, slightly beaten

Pour milk slowly into cornmeal and cook in double boiler 20 minutes. Add other ingredients and pour into buttered baking dish. Bake three hours in a slow oven (250°) and serve warm with hard sauce, whipped cream or ice cream. The Kellogg Center at MSU serves the best Indian Pudding and this recipe comes closest to theirs.

One of the least used seasonings in American cooking is curry. Curry powder is a combination of 16 to 20 spices and it can be made at home, but it would include some ingredients that you might not find on your pantry shelf, such as coriander and fenugreek. The "hotness" of curry depends on the quantity of red and black peppers. When using curry in a cold dish, such as a sauce or dip, the curry powder should be warmed briefly in a little butter to remove the raw taste. Start with a lesser amount than called for in a recipe to determine your own tastes. This fruit compote is excellent served with meat or poultry.

Curried Hot Fruit Compote

2 tbsp. butter
1 1/2 tsp. curry powder
1 1/2 c. peach or apricot halves
1 1/2 c. pear halves
1 1/2 c. pineapple rings or chunks
1 c. light brown sugar
1/4 c. lemon juice
1 tbsp. grated orange rind

Heat butter and curry powder 1-2 minutes in a flameproof casserole. Add sugar, juice and rind and mix well. Add fruits in a single layer and bake uncovered 1/2 hour, basting with the juice occasionally. Serve hot. Other fruits, such as canned plums or grapes may be substituted.

Curry powder is one way to zing up rice. Warm 2 teaspoons powder in 1 tablespoon butter, add rice and required amount of chicken broth according to package directions.

For a different taste, add a little curry powder to your garlic butter when making garlic bread or toast.

A teaspoon of curry powder warmed in a tablespoon of butter and mixed with a cup of sour cream makes a good sauce for meat or fish. Season to taste with salt and pepper if desired. For calorie-counters, use low calorie yogurt and perhaps add a little

Poet's Corner

Can you afford it?

Can you afford to pass up love
That has not yet been turned away?
Can you afford to look to the past
At the start of each new day?
Can you afford to let things fly by
Before you have assumed each task?
Can you afford to wait for compassion
Before you even ask?
If you always do things in this manner
Someday there'll be something to deny.
And what could have been the best thing of your life
Will quickly, painlessly, pass by.

Verse or Worse

By Joseph D. Murphy

The Beggar

The beggar crawled out of his packing box home
To face the cold winter morn
He shivered in the icy cold
Though all his ragged clothes he'd worn.

While digging through a rich mans trash
He found a good warm winter coat
It was his good luck to find it
Though it was a little threadbare at the throat.

The beggar donned the good warm coat
And walked proudly down the street
Warm for the first time in days
Till another man he chanced to meet.

This man was badly crippled
His clothes were worn and thin
The beggar took off the warm coat
And gave the coat to him.

He later found a dollar
That was lying in the street
The beggar knew that dollar
Would buy a warm meal to eat.

Then he met an old lady
Who looked so starved and weak
He gave her the dollar
And kissed her pallid cheek.

He found no more food that day
Nor rags to keep him warm
They found his frozen body
In his packing box next morn.

The folks that found him wondered how
A man that had died in such a place
Could leave this world of sorrow
With such a smile on his face.

But I'm sure a place was waiting
In that promised land above
For this man who shared with others
In the name of Christian love.

BUDDY'S WORKSHOP

Keeping the Home Fires Burning

It never fails. After cutting wood all autumn long, we invariably run out before the heating season ends. What are the guidelines for cutting wood so you don't end up having to buy or go out in the dead of winter and cut more?

I have no way of knowing how much wood you use, but obviously you are using more than you think you'll need. One reason you may be using too much wood is because you are burning "green" wood. Green wood (that is, unseasoned) burns faster and gives off less heat than seasoned wood does. Although it's too late this year, you can keep on cutting as long as the weather will let you for next year's supply. The object is to get to the point where you are always one year ahead. And don't forget to keep "rotating" your supply.

Last month was some sort of fire protection month or week or something, and the Fire Department came to my son's school. When he came home, my son immediately "inspected" our home for potential fire hazards and literally demanded that we purchase smoke detectors and fire extinguishers. I think this is a great program.

It is a great program. Sometimes the voice of one child can get more things accomplished than a hundred preaching adults. Remember that home safety, however, should be a year-round priority and not just a once-a-year job.

Why don't more houses have some sort of sprinkler system to guard against fires?

Good question. Although the initial costs may seem excessive, if a sprinkler system has to be used one time it will more than likely pay for itself.
